

# Lost Well Search Referral List

**Updated as of April 25, 2018**

The following is a list of licensed well contractors and licensed well sealing contractors that self-identified as accepting lost well search projects in a survey completed in March 2018. The list will be updated periodically. The list is provided for informational purposes to assist well owners with identifying licensed contractors who can assist with finding and sealing lost wells. Contractors are organized by county of their mailing address.

Note: MDH is **not** recommending the contractors on this list or endorsing their quality, price, or work practices. For a complete list of licensed well contractors and well sealing contractors in your area, see [Licensed Well and Boring Contractor Directory \(www.health.state.mn.us/lwcsearch\)](http://www.health.state.mn.us/lwcsearch).
