

7th Street & 57th Avenue Trail Project

Construction Update

June 23, 2023

Current Events:

The City's Contractor, Thomas & Sons Construction, is anticipated to resume construction activities **beginning Monday, June 26th**. Crews will continue construction of the shared-use trail along the east side of 7th Street from 59th Avenue to 61st Avenue. The Contractor will also be performing miscellaneous work along 7th Street and 57th Avenue through last year's project area including final restoration of all previously disturbed areas.

As construction resumes, residents can anticipate a weekly update and work forecast distributed via the project email list and posted on the City's project webpage.

Street Parking:

In order to provide the Contractor with room to work and prevent any damage to vehicles or personal property, street parking along the work area will be restricted during working hours (7:00 AM – 7:00 PM, Mon-Fri). Vehicles located within the immediate work area during certain phases of construction may be subject to towing.

We thank you for your continued cooperation and patience!

Construction

The Contractor's hours will be from 7:00 a.m. to 7:00 p.m., Monday-Friday. There is potential for occasional work outside of these hours upon City approval.

Please keep in mind that this type of construction may generate noise, dust, mud, and be disruptive to the area. Please be patient with the Contractor and contact us if you have any concerns we can help with.

Resident Access

The City and Contractor will work to minimize inconvenience to residents during construction. Residents can expect to have driveway access during construction except when major construction events are occurring on their street. We ask that residents, including children, remain outside the immediate work zone and exercise caution navigating the project area wherever you see workers, equipment, or warning signs.
