

# 7<sup>th</sup> Street & 57<sup>th</sup> Avenue Trail Project

Construction Update

August 4, 2023

## Current Events:

This week, the Contractor began applying pavement markings to the street and trail along 7<sup>th</sup> Street and 57<sup>th</sup> Avenue.

Next week, the Contractor will continue applying pavement markings to the roadway/trail and install concrete pedestrian ramps along the 7<sup>th</sup> Street trail from 59<sup>th</sup> Avenue to 61<sup>st</sup> Avenue. The Contractor will also begin restoration work in the boulevard, including any necessary irrigation repairs.

Please note that construction scheduling is tentative, weather dependent and subject to change.

## Street Parking:

In order to provide the Contractor with room to work and prevent any damage to vehicles or personal property, on-street parking in areas of active construction will be restricted during working hours (7:00 AM – 7:00 PM, Mon-Fri).

***We thank you for your continued cooperation and patience!***

## Construction

The Contractor's hours will be from 7:00 a.m. to 7:00 p.m., Monday-Friday. There is potential for occasional work outside of these hours upon City approval.

Please keep in mind that this type of construction may generate noise, dust, mud, and be disruptive to the area. Please be patient with the Contractor and contact us if you have any concerns we can help with.

## Resident Access

The City and Contractor will work to minimize inconvenience to residents during construction. Residents can expect to have driveway access during construction except when major construction events are occurring on their street. We ask that residents, including children, remain outside the immediate work zone and exercise caution navigating the project area wherever you see workers, equipment, or warning signs.
