

# Paying by E-Check

## What is an e-check

An e-check is an electronic check that allows customers to pay online using their bank account information. Paying with an E-check rather than a credit/debit card can help you avoid processing fees.

## How to pay by e-check

1. When selecting a payment method, select "Bank Account/E-Check."
2. Enter your routing number and account number in the appropriate boxes.

The image shows a sample check form with a light blue background. The form includes fields for the payee name, amount, date, and dollar amount. At the bottom, there are two red boxes highlighting the routing and account number fields. The routing number field is labeled "Routing Number" and contains the number 123456789. The account number field is labeled "Account Number" and contains the number 0987654321. The check number 1001 is visible in the top right corner. The date field contains "20" and the MICR line contains "09-765/432".

3. Select the appropriate account type you are paying with (checking or savings).
4. Enter the name that is associated with the bank account you are paying with.
5. Enter the billing address associated with the bank account you are paying with.
6. Review and submit your payment.
