

# 53<sup>rd</sup> Avenue Projects

Construction Update

November 10, 2023

## 53<sup>rd</sup> Avenue Roundabout Safety Project

**The 53<sup>rd</sup> roundabout project is now open for vehicular travel to the business complexes and Highway 65 (Central Avenue)**

The Contractor will complete minor restoration within project area.

## 53<sup>rd</sup> Avenue Trail and Walk Improvements Project

This week, the Contractor poured sidewalks and driveways along the north side of 53<sup>rd</sup> Avenue. The Contractor also installed retaining wall along the north side of 53<sup>rd</sup> Avenue.

Next week, the Contractor will continue installing concrete sidewalk and finish driveways. **The new concrete will require 7 days of curing time. We ask that you stay off the concrete during the 7 day curing time.** This will allow the concrete to cure properly and prevent premature cracking. The Contractor will also pave the second lift of asphalt after pouring concrete.

Please note that all construction scheduling is tentative, weather-dependent, and subject to change.

***We thank you for your continued cooperation and patience!***

## Construction

The Contractor's hours will be from 7:00 a.m. to 7:00 p.m., Monday-Friday. There is potential for occasional work outside of these hours upon City approval. Please keep in mind that this type of construction may generate noise, dust, mud, and be disruptive to the area. Please be patient with the Contractor and contact us if you have any concerns we can help with.

## Resident and Business Access

The City and Contractor will work to minimize inconvenience to residents and businesses during construction. Residents and businesses can expect to have access during construction. We ask that residents, and businesses remain outside the immediate work zone and exercise caution when navigating the project area wherever you see workers, equipment, or warning signs.

## Project Contacts

**Fridley Engineering Division**
