

Danube Pond and Farr Lake Storm Improvements Project

Project Open House
April 18, 2024

Project Open House

The City of Fridley is inviting you to a project open house for the Danube Pond and Farr Lake Storm Improvements project. This will be an informal open house with a presentation to inform residents about the upcoming stormwater improvements to the Innsbruck Neighborhood. A project area map is on the backside of this letter.

City staff will present on the proposed improvements for the storm sewer systems. Staff will also be present to answer any questions you may have. If you are unable to attend, and have questions, you can reach out to Touyia Lee at the City of Fridley by phone at 763-572-3557, or by email at Touyia.Lee@fridleymn.gov.

Project Overview:

Danube Pond and Farr Lake are located in the Innsbruck neighborhood. Danube Pond is a collection of small backyard ponds that drains to Farr Lake. In 2021, the City completed a pond dredging project to clean the Danube ponds in your neighborhood as a part of a phase 1 of 2 project.

Currently, the City is implementing the next phase of the project. The City completed a stormwater analysis for this area and will be replacing storm structures with hydrodynamic separators. Each hydrodynamic separator will help capture sediment and debris from entering into the ponds and Farr Lake.

The City has also identify 52nd Avenue as another location for a hydrodynamic separator. The storm runoff from 52nd Avenue drains into Sullivan Lake.

Construction Project Status:

This project is currently in the design stage with anticipation for construction to start mid-Summer to early Fall of this year. The City will send out further notices before the start of construction.

Stay Connected:

There will be no hard-copy updates delivered for this project. Residents are encouraged to contact web-StreetProjects@fridleymn.gov and request to be added to the Danube Pond and Farr Lake mailing list to receive project updates via email.

We look forward to connecting with you at the neighborhood open house!

Open House Information

Project – Danube Pond and Farr Lake

What – Neighborhood Open House

Where – Moore Lake Park
Community Building
5890 Central Ave NE,
Fridley, MN 55432.

When – Tuesday April 30th, 2024
5:30 p.m. – presentation
5:45 p.m. Q & A Session
