

2024 Street Rehabilitation Project

Construction Update

October 4th, 2024

Boulevard Restoration & Paving Preparation (Channel Road, Lucia Lane, 66th Avenue):

This week, the Contractor reinstalled mailboxes and reinstated permanent mail service to previously impacted properties along Channel Road.

Next week, the Contractor will continue boulevard restoration work behind the curb along Lucia Lane, Channel Road and 66th Avenue. The Contractor will also complete miscellaneous paving preparation in these project areas. Additional information regarding street paving will be included with the next project update.

Please note that all construction scheduling is tentative, weather-dependent, and subject to change.

Construction

The Contractor's hours will be from 7:00 a.m. to 7:00 p.m., Monday-Friday. There is potential for occasional work outside of these hours upon City approval.

Please keep in mind that this type of construction may generate noise, dust, mud, and be disruptive to the area. Please be patient with the Contractor and contact us if you have any concerns we can help with.

Resident Access

The City and Contractor will work to minimize inconvenience to residents during construction. Residents can expect to have driveway access during construction except when major construction events are occurring on their street. We ask that residents, including children, remain outside the immediate work zone and exercise caution navigating the project area wherever you see workers, equipment, or warning signs.
