BUDGET ORGANIZATION

Budget Structure

The Final 2022 Budget for the City contains the following volumes and supplemental budget documents and/or appendices.

| | Figure No.1: Budget Structure and Volumes | | | | | | |
|---------------|---|--|--|--|--|--|--|
| Volume No. | Title | Description | | | | | |
| Ι | Budget Overview and Summary | A summary of the overall budget containing a brief history of the organization, demographic and economic trends, organizational structure, budget summaries, major budget assumptions and factors, and analysis and discussion of budget decisions along with a review of fund balances and debt service. | | | | | |
| | | The summary also includes discussion of common budget terms and information about any underlying assumption as appendices, if needed. | | | | | |
| II | Budget Detail and Financial Reports | A detailed review of all budgeted revenues and expenditures, including personnel, materials and supplies. The volume represents the adopted budget for the purposes of budget authority and compliance. | | | | | |
| 111 | Capital Investment Program (CIP) | A summary and detailed review of the various capital budgets and funds of the City including individual project analysis, debt service and other considerations. This volume represents the adopted budget for the purposes of budget authority and compliance for all capital project funds. Due to its length, the City compiles the Final 2022–2026 CIP as a separate document. | | | | | |
| Other | Financial Management Policies | Each volume and/or section of this budget is adopted in compliance with the various financial management polices as adopted by the City Council. For more information on these polices, please contact the Finance Department. | | | | | |

BUDGET AUTHORITY

The Final Budget for the City of Fridley, Minnesota (City, Fridley) for the Fiscal Year beginning January 1, 2022 and ending December 31, 2022.

Pursuant to Section 7.04 and 7.05, and other applicable chapters or sections of the City Charter, this document and its associated volumes and appendices shall be considered the estimates as prepared by the City Manager and the complete financial plan for the City for the ensuing fiscal year. This document contains the sums to be raised and from what sources, and the sums to be spent and for what purposes. For the purposes of compliance, these documents, assembled in three volumes, shall be the Final 2022 Budget.

With the support of the City Manager and other staff, the City Council reviewed this budget on September 20, 2021. The City Council and other applicable officials involved in the development of this budget are listed below.

Elected Officials

4 Year Terms Expiring December

Volume No. 1 Budget Overview and Summary

City of Fridley, Minnesota

INTRODUCTION AND BUDGET SUMMARY

This section of the Final 2022 Budget provides information regarding the following budget areas or topics:

- Introduction;
- Budget goals and objectives;
- Budget challenges and issues; and
- Budget-at-a-Glance.

The remainder of this page intentionally left blank.

Introduction

The City of Fridley (City) seeks to provide its residents, businesses and their visitors with a remarkable community. As part of this commitment, the City Council and City Manager strive to provide an organization that meets the expectations and needs of the community through a thoughtful and fiscally responsible, annual budget. In order to guide and inform the development of the annual budget, the City relies upon a series of guiding principles and documents, principally the Vision Statement, Organizational Values and the strategic plan, known as Focus on Fridley.

Vision Statement and Organizational Values. In 2015, the City Council adopted the following Vision Statement to generally guide the operations, programs and projects of the City. The City Council reaffirmed this Vision Statement in 2019: *We believe Fridley will be a safe, vibrant, friendly and stable home for families and businesses.*

The City Council also established three primary Organizational Values to guide the behaviors and culture of the organization. In all things, the City shall be: *Friendly, Responsive and Driven*. These values are always at the center of any discussion about changes in the budget. In fact, any major budget adjustment or request submitted by the City Manager identifies the Organizational Value(s) enhanced by the change.

Focus of Fridley. More specifically, in 2019, the City Council, through two strategic planning workshops, discussed their ideas and thoughts for the City over the next several years. Using these discussions, the City Council eventually compiled a strategic plan, known as Focus on Fridley. Along with several specific projects, the City Council identified five strategic goals or "focus areas" to guide other City initiatives and programs. In no particular order, these Focus Areas are:

- Community Identity and Relationship Building;
- Public Safety and Environmental Stewardship;
- Vibrant Neighborhoods and Places;
- Financial Stability and Commercial Prosperity; and
- Organizational Excellence.

These Focus Areas provide guidance throughout the development of the budget and serve as direction for daily activities and expenditures of the organization. Based on previous practices, the City Council may conduct another strategic planning exercise in 2022, which will have a similar impact on the budget development process.

Budget Goals and Objectives

Like other local governments, and consistent with the Guiding Principles outlined above, the City Council continues its effort to provide excellent public services at a fiscally responsible cost to the property tax and utility rate payers. Under these general goals and objectives, the City Council relies upon a series of specific guidelines to inform the development of the annual budget:

- To stabilize ongoing revenues and expenditures, and eliminate unanticipated variances;
- To maintain structural balance and appropriate fund balance levels;
- To increase accountability and transparency throughout the budget process;
- To make greater use of existing City resources; and
- To ensure a financially competitive organization while maintaining strong service levels.

In addition to these activities, the City also strives to improve the financial awareness and literacy of both internal staff and external stakeholders. As such, the City conducts monthly internal meetings to review key financial data and changes in applicable fiscal policies. Additionally, the City conducts or plans to conduct several community events to improve the understanding of the public with respect to City services and to provide an important avenue for the public to express their critiques, ideas and thoughts regarding City operations, projects and ultimately the budget.

Budget Challenges and Issues, Short-Term

Along with the goals and objectives, the City also actively acknowledges and seeks to address various challenges and issues concerning the financial health of the organization. The City further acknowledges that some of these issues may be beyond its exclusive control. However, the City Council works diligently to limit these and other risks for the City and its stakeholders.

COVID-19 Pandemic Response. Unlike some municipalities, the City navigated the effects of the Novel Coronavirus 2019 (COVID-19) pandemic with a mild impact on its financial position. Under the direction of the City Manager, the City spread the cost of the economic impact of the outbreak among City stakeholders: 1) the organization, through a use of fund balance; 2) the staff, through budget reductions; and 3) the public, through a planned increase in the property tax levy. Although the City originally estimated a \$750,000 budget shortfall as a result of the outbreak of COVID-19, it did not generally experience a significant revenue loss, except for certain park and recreation programs, which were cancelled due to pandemic-related restrictions. The City may ultimately transfer monies from General Fund to the negative variances in other funds impacted by the COVID-19 pandemic, primarily as the result of additional Federal monies. In 2021, the City received approximately \$1,520,400 from the Federal government through the American Rescue Plan Act (ARPA) to support cost and programs related to the COVID–19 pandemic response. The City plans to use these monies to make necessary investments in water, sanitary sewer and storm water infrastructure throughout the community. As such, the monies will be appropriated through an ARPA Allocation Plan and assigned to the appropriate Capital Project Fund. Since the regulations governing this plan are quite complex, they are generally beyond the scope of this budget document. Coupled with the approximately \$2,171,600 appropriated through the Coronavirus Aid, Relief and Economic Security (CARES) Act in 2020, the City received approximately \$3,692,000 from the Federal Government to support COVID–19 pandemic response. In total, these monies will protect the financial position of the City and allow it to make significant investments in critical infrastructure.

State Aids and Grants. The State of Minnesota (State) provides the City with various financial aids to defray the costs of certain activities and programs, including, but not limited to Local Government Aid (LGA), Municipal State Aid (MSA), Police State Aid and Fire State Aid. These various funding sources tend to fluctuate based on the financial health of the State and political will of elected State officials. To protect the City and its operations from this volatility, the City Council established policy of limiting General Fund revenues to more than 10% from State aid and similar sources. In the past several years, the City Council also reallocated more than \$682,000 of LGA from the operating budget to the Capital Project Funds. Similar to the Adopted 2021 Budget, the Final 2022 Budget appropriates approximately 10% of these funding sources, including about 3% from LGA, to the General Fund, satisfying the policy of the City Council.

Economic Health. In addition to thoughtfully budgeting State funding sources, the City also actively monitors the statuses of the local, regional, national and international economies. The City remains home to several national and international corporations. In fact, as of 2020, commercial and industrial uses account for almost 46% of the property tax base. As such, any downturn in the economy, particularly the manufacturing sector, will have an impact on the City. The City continues efforts to diversify its property tax base through several redevelopment efforts, mostly notably through the addition of single– and multi–family housing. In fact, between 2016 and 2022, the City added approximately 1,046 units of housing.

The Final 2022 Budget assumes a period of general economic expansion as measured by an increase in Real Gross Domestic Product between 3.2% and 5.7% in 2022. It is also important to note that generally the outbreak of COVID–19 did not negatively impact development and redevelopment activities within the City and effort at diversity the property tax base continue unabated by the COVID–19 pandemic and/or other economic impacts.

Budget Challenges and Issues, Long-Term

Apart from these short-term consideration, the City must also weigh several long- or longer-term issues and/or goals against the immediate needs of the organization and/or community. Generally, the Adopted 2022 Budget successfully balanced these needs and provided an opportunity for the City to either address or move toward addressing these challenges.

Demands for Service. As the population of the City continues to increase and become more diverse, the City will experience new and greater demands for programs and services. For example, an increasing population will result in a need for more public safety personnel and equipment, and place greater stress on City infrastructure. Understanding these dynamics will be key for ensuring the appropriate use of City resources.

To address this challenge, the City continues to explore various strategies and programs, such as the formation of a continuous improvement effort, known as the Process Management Team, to eliminate waste, and improve the efficiency of City services. More specifically, the City constructed a new Fridley Civic Campus, which opened in 2018, to provide the organization with facilities to respond to the increasing demand for City services. Lastly, the organization recently conducted a statistically significant, community–wide survey, which polled resident thoughts and ratings on various City activities and services. It also surveyed their specific opinions about the pending Park System Improvement Plan. The City Council will use the results of the survey to inform their decision–making on a variety of topics.

Organizational Competitiveness. Like any local government or private business, the City strives to maintain its competitiveness with surrounding communities within a variety of areas, such as local amenities, quality of services, property tax rates and public utility rates. The City regularly reviews the activities and costs–of–living of area municipalities to ensure a strong return on investment for residents and businesses. In addition to these efforts, the City Council and City Manager work diligently to make the City an excellent place to work with competitive pay and benefits to both attract and retain a talented workforce. As of 2021, anecdotal evidence suggests that the Compensation Plan for the City remains approximately 4% to 7% below the marketplace, depending upon position and pay grade.

Beginning in 2020 and ending in 2021, the City will review the Compensation Plan with the assistance of an external consultant. The review will include a benchmark market analysis and Compensation Plan design adjustments. Given the possible Compensation Plan adjustments, the City planned to spread the implementation cost over two fiscal years, 2021 and 2022. In fact, the Adopted 2021 Budget included approximately \$168,500 to support potential wage adjustments, while the Adopted 2022 Budget increased this amount to about \$532,000 across all budgeted funds. As of the writing of this budget document, the Compensation Plan has not been implemented and the adjustments will not occur in 2021.

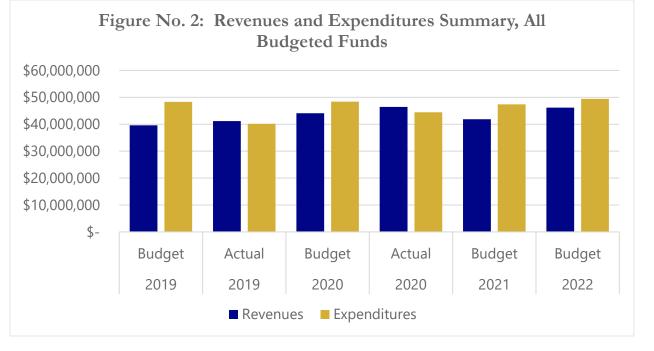

To support these potential wage changes, the City, between the two fiscal years, reallocated sufficient budget authority and identified additional funding sources beyond the property tax levy to support the aforementioned cost. As discussed in subsequent sections, the Final 2022 Budget assumes a 2.97% property tax levy increase compared to the Adopted 2021 Budget, an increase of approximately 37% less than the average for the City since 2012. This lower-than-average change further demonstrates the ability of the City to support both competitive wages and property taxes through the thoughtful reallocation of existing financial resources.

The remainder of this page intentionally left blank.

Budget-at-a-Glance

The Adopted 2022 Budget authorized up to \$49,439,700 of expenditures for all budgeted funds, an increase of about \$2,046,600 or 4.3% compared to the previous year. Generally, this change reflects a series of budget adjustments among the various budget categories, including an increase in 1) personnel services of \$1,268,810 or 7.2% to respond to employment cost pressures, 2) cost of goods sold of \$643,450 or 14.4% to support additional inventory for the municipal liquor enterprise and 3) other services and charges of \$1,437,110 or 10.5%. Along with other budget changes, these increases were offset primarily by a decrease in capital outlays of \$1,523,000 or 18.0% due to the completion of the 53rd Avenue Lift Station Rehabilitation Project and various Storm Water Utility improvements.

The Final 2022 Budget supports these expenditures with \$46,180,900 of revenues across all budgeted funds, an increase of about \$4,307,670 or 10.3% compared to the previous year. Primarily, the increase in revenues reflect a \$1,880,100 or 10.5% increase in proprietary revenues from the sale of municipal liquor as well as an increase in public utility rates, and a 31.1% increase, or about \$1,414,830, in intergovernmental revenues due to an increase in Federal grants for certain street and sanitary sewer projects. In addition to this change, the Final 2022 Budget assumes an increase of about \$656,800 or 4.9% in property tax revenue.

City of Fridley, Minnesota

Based on these changes, the Final 2022 Budget reflects a planned, negative variance of \$3,258,800 across all budgeted funds. To support these costs, the City plans to make use of a variety of internal funding sources, including but not limited to:

- About \$93,500 of fund balance from among the Special Revenue Funds;
- About \$2,212,300 of fund balance from various Capital Project Funds;
- About \$953,000 of fund balance from various Enterprise Funds; and
- No use of fund balance from the General Fund.

Summary (Enterprise and Governmental Funds)

Generally, these uses of fund balance support capital projects supported by the capital project and enterprise funds as outlined in the Final 2022–2026 Capital Investment Program (CIP). The City typically plans for these capital projects over a series of years, often accruing fund balances specifically to support their extraordinary costs. The City may also support these projects through the use of debt or interfund loans. Simply put, the City planned to use its "savings" for these needs. The table on the previous page outlines the various funding sources and expenditure areas for all budgeted funds between 2019 and the current budget year.

Governmental Funds and Enterprise Funds. The City maintains two primary sets of funds: 1) governmental funds; and 2) proprietary funds. Governmental funds account for typical government programs and tax–supported operations. For the Final 2022 Budget, governmental funds comprise approximately 54.9% and 56.0% of all budgeted revenues and expenditures, respectively. In total, the Final 2022 Budget authorizes governmental fund revenues totaling about \$25,359,200 and expenditures totaling about \$27,665,000, or an increase of 6.0% and 9.9%, respectively, compared to 2021. These changes may be attributed to an increase in personnel services and capital outlay in 2022. The table on the next page outlines government fund activities between 2019 and the current year.

In total, the Final 2022 Budget anticipates a \$2,305,800 use of fund balance in governmental funds. Generally, the use of fund balance may be attributed to the Streets Capital Project Fund and Equipment Capital Project Fund of \$960,800 and \$577,500, respectively. These uses of fund balance are the result of long–planned capital projects and consistent with previous City practices regarding the financing of capital projects. It is important to note that governmental funds include the General, Special Revenue and Capital Projects Funds.

Per the Government Accounting Standard Board, enterprises funds "are employed to report on activities financed primarily by revenues generated by the activities themselves, such as a municipal utility." At present, the City maintains four such funds to support three public utilities and the municipal liquor enterprise. The table on the next page summarizes these funds between 2019 and the current year.

For the Final 2022 Budget, Enterprise funds comprise approximately 45.1% and 44.0% of all budgeted revenues and expenses, respectively. In total, the Final 2022 Budget authorizes Enterprise fund revenues totaling about \$20,821,700 and expenses totaling about \$21,774,700, or an increase of 16.0% in revenues and a decrease of 2.0% in expenses, compared to 2021. The changes in expenses are the result of a decrease in the cost of planned capital projects in 2022. The increase in revenue is mainly attributed to the recommended changes in public utility rates coupled with an increase municipal liquor revenue.

ORGANIZATION AND BUDGET OVERVIEW

This section of the Adopted 2022 Budget provides information regarding the following budget areas or topics:

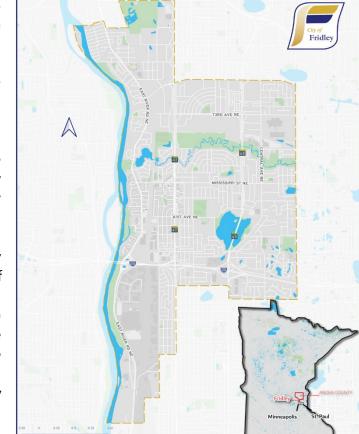

- Brief history;
- Land use information;
- Demographic and economic trends;
- Organizational governance and structure;
- Financial policies and procedures; and
- Budget assumptions and considerations;
- Property tax levy analysis; and
- Debt service.

The remainder of this page intentionally left blank.

Brief History of the City of Fridley

As with most urban areas, the City may trace its initial settlement to its proximity to the Mississippi River and its tributaries, principally Rice Creek. In fact, the original name for the community was Manomin, a variant on an Ojibwe word meaning "wild rice" or "wild river." In the early years, traders used the Mississippi River to bring their goods to market. The fur trading route along the Mississippi River became known as the Red River Ox Cart Trail, which would later become a military road between Point Douglas and Fort Ripley. The area that would become Fridley was a key ferry crossing of the Mississippi River established in 1854. In 1879, the area or township was renamed for one of its early settlers and land holders, Abram Fridley. The military road, now known as East River Road, developed into a center of commerce, particularly at the confluence of Rice Creek and the Mississippi River.

In 1949, Fridley Township incorporated as a village, which the community now celebrates during its annual "49er Days" festival. In 1957, the Village of Fridley officially incorporated as a "home rule" municipality and became the fourteenth largest community in the State of Minnesota (State) by 1965, due in part to rapid post–World War II expansion. In that same year, the City experienced two natural disasters – a significant flood of the Mississippi River and a series of tornadoes on May 6, 1965, which destroyed about one out of every four homes. Despite these events, the community rebuilt and continues to grow to this day.

Land Use and Development History

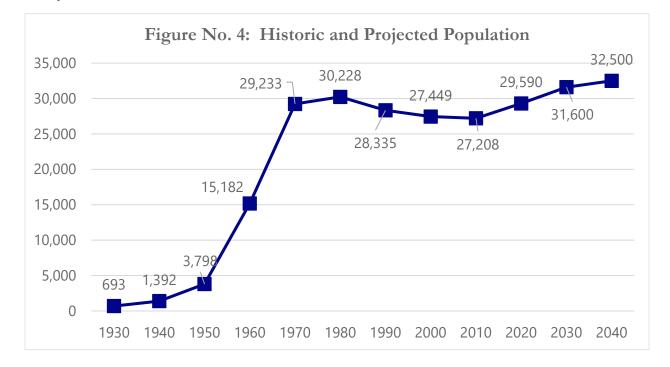

Figure No. 3: Fridley Map

Apart from the access to water transportation, the City also enjoyed access to modern conveyances, most notably the St. Paul and Pacific Railroads – the forerunners of the Burlington Northern Santa Fe (BNSF) Railway Company. Additionally, the City maintained access to Minneapolis via two streetcar lines, which allowed people to commute to and from their places of employment. With the development of the interstate highway system, and the conversion of State Highway 100 into Interstate 694, the City enjoyed access to another significant transportation route. As such, other State, Anoka County (Anoka) and local routes developed around Interstate 694, including East River Road, State Trunk Highways 47 (University Avenue) and 65 (Central Avenue).

These roadways, combined with a major railway access and many public transportation options, make the City a transportation hub attracting considerable commercial and industrial development. The physical divisions created by these features create other development, infrastructure and planning challenges, which the City still addresses to this day and may be reflected in this budget. At present, the City covers a jurisdiction of approximately 11 square miles. Given the size of the community, and its status as a first–ring suburb, the Metropolitan Council, a regional planning agency, considers the City to be completely developed.

Demographic and Economic Trends

Following the expansion of transportation infrastructure, and the momentum built from the war-time economy, the City quickly converted from principally agricultural activities and uses to industrial ones. With the location of these significant centers of employment, the City attracted thousands of new residents and rapidly changed into a full-service, fully-developed community. Since 1970, its population has been at or near approximately 28,000 residents. Based on the 2020 Census, the City remains home to about 29,590 people. However, with a planned increase in density, the City projects the population to increase by about 9.8% to 32,500 by 2040.

City of Fridley, Minnesota

Age. Along with this projected increase, the City anticipates the age of the population to decrease on average in the immediate future. As of 2019 (the latest year of Census data readily available), about 50% of the population remains below the age 35, while about 20% is above the age 60. Between 2017 and 2019, the Median Age for the City decreased from 36.9 years to 35.4 years, respectively. As such, the average age of the population remains below the average for the State. Figure No. 5 outlines the age ranges of the community.

Race. While the population of the City continues to decrease in average age, it also continues to become more ethnically and racially diverse. In fact, as of the 2000 Census, nearly 89% of the population identified as white or Caucasian, compared to about 69% in 2019. In that same time period, the fastest growing racial group was those identifying as Black or African American increasing from 3.4% of the population in 2000 to just over 16% in 2019. The City anticipates these trends to continue for the foreseeable future. Figure No. 6 provides a breakdown of the total population by race.

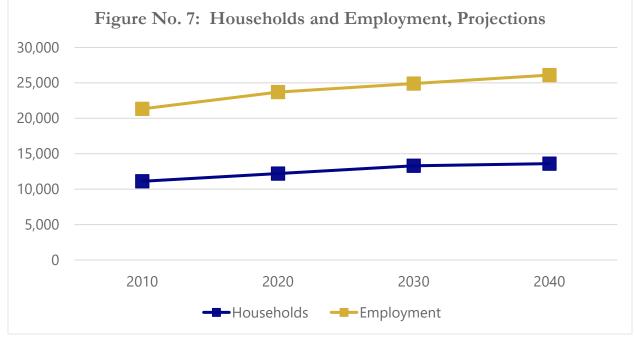

| Figure No. 6: Total Population by Race | | | | | | | |
|--|--------|--------|---------|--|--|--|--|
| Race | 2000 | 2010 | 2019 | | | | |

Income. Generally, the City hosts a disproportionate number of commercial and manufacturing industries and their associated jobs. As a result, the City maintained a median household income of about \$63,800 in 2019, which remains below the median household income for both the County and State. The community also maintains a poverty rate of approximately 9.6%, which compared negatively to the County (5.9%), but positively with the national trend (13.4%).

Despite being one of the geographically smaller communities in the area, the City hosts the greatest number of employees in the County and anticipates this trend to continue for the foreseeable future. In fact, the Metropolitan Council projects an increase in the number of employees and households like those mentioned above for population. Figure No. 7 below details these long-term projections.

Source: Thrive MSP 2040 - Forecasts as of January 1, 2021

These and other factors inform the development, review and adoption of the annual budget. Additionally, the City maintains a series of community indicators and performance measurements, which capture and measure the happenings of City operations and community trends. They are compiled as a separate Performance Measures Report adopted annually by the City Council. For more information on these performance measures, please visit the City's website.

Organizational Governance and Structure

Generally, the budget and/or policy development process involves the City Council, City Manager and the respective Advisory Commissions, if applicable. The City Charter and Fridley City Code (City Code) outlines the expectations and responsibilities for each party. Along with these actors, the budget and policy development process also include the advice and insight of City staff and various external stakeholders, such as local civic organizations and interested government agencies (i.e., County, State).

City Charter. Pursuant to Article XII of the Minnesota Constitution and Minnesota Statute § 410, the City operates as a charter or "home rule" municipality and may exercise any powers and authorities established by the City Charter, assuming the same do not conflict with State or Federal law. As such, the City Charter defines the structure of the City, and the framework under which it operates. The City Charter addresses the structure of the City Council; the powers and duties of the City Manager; development of the budget; the authority to establish taxes and fees; and the operation of public utilities, among other areas.

Consistent with the above-mentioned constitutional provisions and State law, the City Council also receives advice and guidance pertaining to the City Charter from a Charter Commission. The Charter Commission regularly reviews the City Charter and makes recommendations for amendments as may be required from time-to-time. The Charter Commission consists of 15 members and meets at least once per year.

City Council. The City Charter creates a City Council–City Manager form of local government. Pursuant to City Charter § 2.01.2, "All discretionary powers of the City, both legislative and executive, shall vest in and be exercised by the City Council. It shall have complete control over the City administration but shall exercise this control exclusively through the City Manager and shall not itself attempt to perform any administrative duties." It also establishes the City Council as a five–member, non–partisan body, including a Mayor and four Councilmembers. The Mayor serves as the presiding officer of the City Council, may vote as a full member of the body and does not enjoy any veto powers. Figure No. 8 summarizes the elected officials of the City and their respective offices and terms.

| Figure No. 8: Mayor and City Council | | | | | | | |
|--|--|-----------------|-------------------|--|--|--|--|
| Position Name Start of Term End of Term | | | | | | | |
| Mayor | Scott Lund | January 1, 2021 | December 31, 2024 | | | | |
| Councilmember, At–Large | David Ostwald January 1, 2021 De | | December 31, 2024 | | | | |
| Councilmember, Ward No. 1 | Thomas Tillberry January 1, 2019 Decem | | December 31, 2022 | | | | |
| Councilmember, Ward No. 2 Stephen Eggert January 1, 2019 December 31, 2022 | | | December 31, 2022 | | | | |
| Councilmember, Ward No. 3 Ann Bolkcom January 1, 2019 December 31, 2022 | | | | | | | |

Consistent with the City Charter, the Mayor and the Councilmember–at–Large shall be elected in the same interval as the President of the United States of America to a term of four years. The other three Councilmembers shall be elected in the same interval as Governor of the State of Minnesota, also to a four–year term. The City Charter also controls for vacancies in the City Council and similar circumstances.

City Manager. Pursuant to City Charter § 6.01, the City Manager serves as the Chief Administrative Officer of the City, and shall be appointed by a simple majority of the City Council for an indefinite period in an at–will capacity. The City Manager need not be a resident of the City but must be a citizen of the United States of America. The City Manager also serves as the Executive Director of the Housing and Redevelopment Authority (HRA). In 2013, the City Council appointed Walter T. Wysopal as City Manager.

The City Charter, in a variety of chapters and sections, outlines various responsibilities and powers of the City Manager, including, but not limited to:

- To ensure the enforcement of all applicable laws, ordinances and resolutions of the City and City Council;
- To appoint and remove any and all City employees;
- To exercise control over all City affairs through the various departments and divisions of the City;
- To prepare the annual budget and supervise all contracts and purchases of the City;
- To keep the City Council advised of the financial condition of the City; and
- To recommend for adoption any such actions or measures for the welfare of the City and its residents, including the City budget.

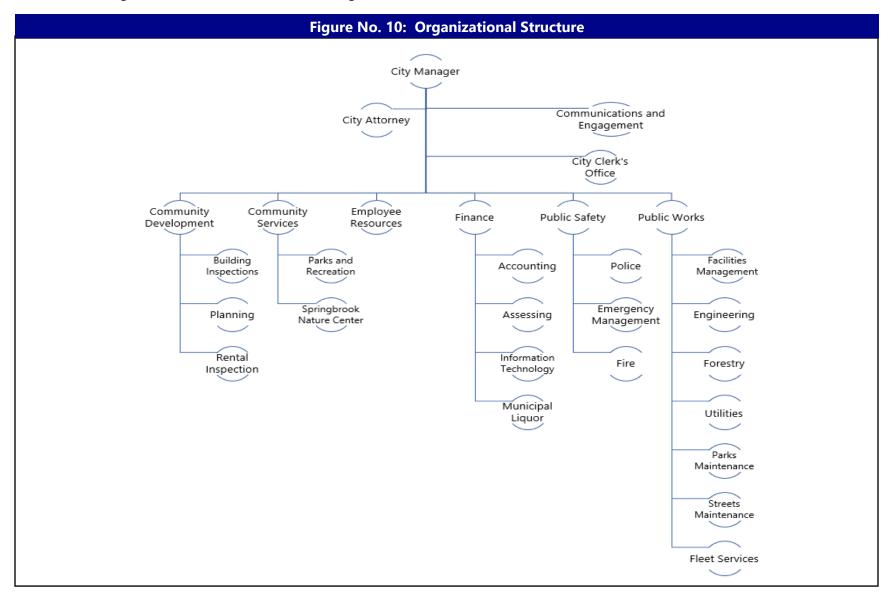

Additionally, the City Manager may designate any other staff member to serve as City Manager in their absence, provided the City Manager notifies the City Council of the same in writing. As of December 6, 2021 there is no designee for this.

Advisory Commissions. In addition to the advice and insight of the City Manager and other staff, the City Council also relies upon several standing, advisory commissions and/or committees as it may establish by ordinance or other action. As of December 31, 2020, the City Council maintains Advisory Commissions as outlined in Figure No. 9, which may be found on the next page. Each of the commissions meet on a regular basis, and their members serve without compensation, except for the reimbursement of eligible expenses.

| Fig | gure No. 9: Advisory Commissions |
|--------------------------------------|---|
| Commission | Description |
| Planning Commission Seven Members | The Planning Commission is responsible for community planning and development of comprehensive goals and policies, including but not limited to |
| Three–Year Term | land use, housing, public services, human services, and other related community activities. It also makes recommendations on amendments to the zoning ordinance, special use permits, and subdivision requests. |
| Environmental Quality and Energy | The EQEC advises the City Council on a broad range of environmental policies |
| Commission (EQEC) | and programs and the management of environmental resources. It provides the |
| Seven Members | City Council with accurate information to assist in making and implementing |
| Three–Year Term | sound environmental policy in such areas as solid waste abatement |
| | programming, environmental education, waste reduction and water resource management. |
| Parks and Recreation Commission | The Parks and Recreation Commission provides for the comprehensive |
| Five Members | development of park facilities and recreational activities for the well-being of the |
| Three–Year Term | City residents. It recommends actions to enhance the park and recreation opportunities in Fridley and provides direction for related City goals and policies. |
| Housing and Redevelopment Authority | The HRA implements housing rehabilitation programs and redevelopment |
| Five Members | projects that create new housing opportunities to meet local housing needs. It |
| Five–Year Term | also administers programs that are designed to enlarge the tax base, create jobs and create vital, attractive businesses in blighted or underdeveloped areas of the |
| | City. It also administers any Tax Increment Financing (TIF) Districts established in the City. |

Due to its activities and significant financial resources, the City recognizes the HRA as a component unit for accounting and budget purposes. As such, the HRA Board of Commissioners adopts a separate budget and property tax levy independent of the City budget, but subject to the authority of the City Council. Therefore, this budget document does not establish any budget authority, nor does it contain additional financial information, for the HRA or its associated activities and/or projects. However, it may from time-to-time address budget authority for cost-sharing arrangements between the City and the HRA.

The remainder of this page intentionally left blank.

Organizational Structure. Per the direction of the City Manager, and as ratified by the City Council as of September 26, 2019, the City maintains the organizational structure outlined in Figure No. 10.

City of Fridley, Minnesota

Financial Policies and Procedures

Along with determining the manner of presentation for the budget, the City Charter also establishes the protocol for the passage and enforcement of the budget. Most notably, City Charter § 7.07 stipulates the process for amending a duly-adopted annual budget, specifically "the [City] Council shall not have power to increase the amounts therein fixed in the budget resolution, whether by the insertion of new items or otherwise, beyond the estimated revenues, unless the actual receipts shall exceed such estimates, and in that event, not beyond such actual receipts. The [City] Council may at any time, by resolution passed by a vote of at least four (4) members of the [City] Council, reduce the sums appropriated for any purpose by the budget resolution or authorize the transfer of sums from the unexpended balances of the budget to other purposes." The City Charter also makes provisions for emergency appropriations, which may not exceed more than 10% of the total budget for those fund as identified by the City Manager.

In additional to applicable City Charter, State and Federal regulations, the City maintains a series of ordinances, policies and procedures that guide and underpin the budget development process, including, but not limited to:

- Capital Investment Program Policy;
- Community Investment Fund Policy;
- Debt Management Policy;
- Fund Balance Policy;
- Investment Policy;
- Operating Budget Policy;
- Public Purpose Expenditure Policy;
- Public Utilities Revenue and Remittance Policy;
- Revenue Policy; and
- Self–Insurance Fund Policy.

In general, these policies and procedures are adopted as a single Financial Management Policy Manual (Manual). Since the Manual is nearly 100 pages longs, it is not included in this official budget document. For additional information regarding these and other policies, please visit the City's website or contact the Finance Department.

Budgeted Funds and Structure. Consistent with the City Charter § 7.04, the City Manager must prepare the annual budget estimates for all funds as identified by the City Manager as requiring annual budget estimates. Figure No. 9 identifies those funds with budget estimates as prepared at the direction of the City Manager. It also identifies the internal structure of those funds.

| Figure No. 11: Budgeted Fund Structure | | | | | | | |
|--|---|--|---|--|--|--|--|
| City of Fridley | | | | | | | |
| | Governmental Fu | Proprietary Funds | | | | | |

| | Building Capital Projects Street Capital Projects Darks Capital Projects Darks Capital Projects Capital Projects | Cable TV Solid Waste Abate- ment Police Activity Center | Water Utility Sanitary Sewer Utility Storm Water Utility Liquor | | | | |

City Charter § 7.04 also stipulates the structure of the budget estimates and their presentation, including comparative figures for the current budget year and actual figures for the two preceding fiscal years by organizational unit. Additionally, the section requires the budget estimates to be expressed in their major subdivisions: salaries and wages; ordinary expenses (expenditures); and capital outlay. The budget estimates included in each of the volumes that comprise this budget document, are designed to fulfill this requirement.

Additionally, Figure No. 12 outlines the primary fund structure for the various departments and divisions as authorized by the City Council as of September 26, 2019.

| Department/Division | Primary Fund | Department/Division | Primary Fund |

Basis of Accounting and Budgeting. Governmental funds are budgeted and accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Reported fund balance is considered a measure of "available spendable resources." Governmental fund operating statements represent increases (i.e., revenues, other financing sources) and decreases (i.e., expenditures, other financing uses) in net current assets.

Proprietary funds are budgeted and accounted for on a flow of economic resources measurement focus. This means that all assets, including fixed assets, and all liabilities, including long-term liabilities, associated with their activity are included on their balance sheets. Their reported fund equity is segregated into contributed capital and retained earnings components. Proprietary fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. Proprietary funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded at the time the liabilities are incurred.

Governmental and fiduciary funds are budgeted and accounted for using the modified accrual basis of accounting. Their revenues are recognized when susceptible to accrual (i.e., when they become measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible with the current period or soon enough thereafter to be used to pay liabilities of the current period.

Major revenues that are susceptible to accrual include property taxes (excluding delinquent taxes received over 60 days after year–end), special assessments, intergovernmental revenues, charges for services, and interest on investments. Major revenues that are not susceptible to accrual include fees and miscellaneous revenues; such revenues are recorded only as received because they are not measurable until collected. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for principal and interest on general long–term debt, which is recognized when due.

Budget Development Process. To ensure appropriate analysis and review for the City Council and staff, the City adheres to the following budget development schedule.

| Figure No. 13: 2022 Budget Development Process | | | | |

City of Fridley, Minnesota

Budget Assumptions and Considerations

As part of the budget development process, the City makes a variety of assumptions regarding several factors or variables. Generally, these assumptions and other considerations include estimates or projections about compensation adjustments, economic conditions, inflationary pressures, insurance costs and non-property tax levy revenues, among other factors.

Per the direction of the City Council, the City relies upon a conservative budget model. As a general rule, the City normally budgets for slightly less than anticipated revenues and slightly more than anticipated expenditures. The model tends to eliminate unanticipated budget variances and prevent budget "holes." As such, the City makes limited modifications to external funding sources or revenues and alters anticipated expenditures using a three–year rolling average with adjustments based on specific needs identified by the City Council and/or City Manager. Figure No. 14 outlines a few of the assumptions used to form the annual budget.

| Figure No. 14: Major Budget Assumptions, Expenditures (Selected) | | | | | |
|--|------------|---|--|--|--|
| Category | Adjustment | Comments | | | |
| Health, Dental and Similar Insurance Products | 10.5% | Per final quote provided by vendor. | | | |
| Investment Return | 1.2% | Based on market conditions and past performance. | | | |
| Materials and Supplies | 17.9% | Based on market conditions and requested adjustments. | | | |
| Other Services and Charges | 10.5% | Based on market conditions and requested adjustments. | | | |
| Salaries and Wages | 3.0% | For all City staff; per collective bargaining agreements. | | | |

Along with these assumptions, the annual budget remains consistent with the previous actions of the City Council and/or City Manager. Specifically, it relies upon guidance from various plans, including, but not limited to, the 2040 Comprehensive Plan, Focus of Fridley Strategic Plan, Active Transportation Plan, Americans with Disabilities Act (ADA) Transition Plan, Pavement Management Plan, and the University Avenue and Trunk Highway 65 Corridor Development Study. In addition to these plans and studies, the City Council or City Manager may execute agreements and/or contracts that also inform budget development, such as collective bargaining agreements, fringe benefit contracts, property leases and software maintenance agreements.

The annual budget also supports the current complement of full-time equivalent (FTEs) employees (see Appendix A for more information). Figure No. 15, on the next page, outlines the various revenue assumptions for the Final 2022 Budget. Generally, these revenue assumptions reflect adjustment to previous estimates, which were lower than usual estimates as the City anticipated significant revenue decreases as a result of the COVID-19 pandemic. Ultimately, the City did not experience the revenue loss originally modeled as part of the Revised 2020 and Adopted 2021 Budget.

| Figure No. 15: Major Budget Assumptions, Revenues (Selected) | | | | | | | | | | | | |
|--|------------|--|--|--|--|--|--|--|--|--|--|--|
| Category | Adjustment | Comments | | | | | | | | | | |
| Property Taxes (included debt service) | 4.9% | Includes both current and delinquent property tax revenue. | | | | | | | | | | |
| Special Assessments | 35.3% | Includes charges related to nuisance abatements. | | | | | | | | | | |
| Licenses and Permits | 11.4% | Includes businesses and rental licensing. | | | | | | | | | | |
| Intergovernmental | 31.3% | Includes State aids and Federal grants. | | | | | | | | | | |
| Charges for Service | 0.2% | Includes building permits and recreation program fees. | | | | | | | | | | |
| Fine and Forfeitures | -1.1% | Includes legal fines and restitution payments. | | | | | | | | | | |
| Miscellaneous | -6.9% | Includes interest earnings and gambling taxes. | | | | | | | | | | |
| Other Revenues and Financing Sources | 13.0% | Includes transfers from other funds. | | | | | | | | | | |

The Final 2022 Budget assumes a period of general economic expansion as measured by an increase in Real Gross Domestic Product between 3.2% and 5.7% in 2022. Additionally, the City assumes that such general expansion will continue in 2023 thru 2026, the ending of the five-year planning period. It is also important to note that generally the outbreak of COVID–19 did not negatively impact development and redevelopment activities within the City. Similar to the previous fiscal year, both the number of building permits and their associated values slightly exceeds that from the same time last year. As such, the Final 2022 Budget increases licenses and permits revenue for the Building Inspection Division by about \$149,900 or 14.5% compared to the previous year. Based on these and other assumptions, the Final 2022 Budget remains structurally balanced.

Property Tax

In Minnesota, property tax administration typically occurs at the county-level of government with assistance from the Minnesota Department of Revenue. Although most counties provide property assessment services for their respective municipalities and townships, the City provides a local or City Assessor to determine the market value of every property within Fridley. The City opted for this model due to its considerable commercial/industrial property tax base.

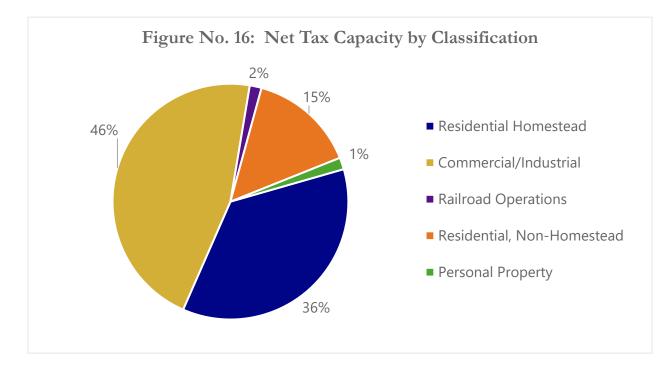

Per Minnesota Statute § 275.065, all home rule and statutory cities must certify a Property Tax Levy to their respective county auditor on or before five working days after December 20 in each year. For the City, the Property Tax Levy supports four separate budget areas: 1) General Fund; 2) Information Technology (IT) Capital Equipment Fund; 3) Springbrook Nature Center (SNC) Fund; and 4) various debt service funds. **Process.** Generally, the process for determining the property tax against any property begins with determining its estimated market value or the value of property as if it were sold in the open market under competitive circumstances. Per State law, the acceptable sales ratio of purchase price to assessed value must be 90% to 105%.

Along with assessed or market value, each parcel receives a property class. These property classes correspond to Class Rates, which affect the amount of property tax assessable against each type of property. For example, the Class Rate for commercial/industrial properties is 2.0%, whereas the class rate for residential homestead property is 1.0%. Applying the Class Rate to the estimated assessed or market value determines the tax capacity of the individual parcel, and the aggregate of all property within the community may be referred to as the Net Tax Capacity.

To calculate the property tax for a particular property, the City and/or county must determine the Property Tax Rate, or the Property Tax Levy as determined by the City Council as a fixed amount of money, divided by the Net Tax Capacity. By multiplying the Property Tax Rate by Class Rate by the estimated assessed or market value, the City and/or county determine the actual property tax payable by a given parcel subject to property tax. Pursuant to Minnesota Statute § 272.02, certain uses, such as places of worship or institutions of public charity, may be exempt from property taxes. Additionally, State law also permits certain valuation exclusions for property tax purposes, most notably for residential homesteads.

Along with this form of property taxation, the State also allows for market value property tax referenda, a property tax against the assessed or market value of a property based on a rate established by State law or a local referendum. In Fridley, the City determines the property tax levy for the Springbrook Nature Center in this manner. Therefore, in order to determine the property taxes payable in any given year for a parcel, the City and/or county needs to perform both calculations based on net tax capacity and market value referenda. In addition to these property tax calculations, the City remains subject to the Fiscal Disparities Program, or a property tax base sharing program among the seven–county metropolitan area concerning commercial/industrial properties. The Fiscal Disparities Program is quite complex and beyond the scope of this budget document.

Analysis. After performing the various property tax calculations, the City may determine its Net Tax Capacity and other pertinent property tax information. Figure No. 16, on the next page, describes the Net Tax Capacity for Fridley. Unlike other municipalities, the property tax base for the City is disproportionately commercial/industrial. In Minnesota, the average municipality would be between 30% and 35% commercial/industrial, making the City somewhat more sensitive to certain shifts in the economy.

The City continues to experience growth in its property tax base. In fact, between 2017 and 2021, the estimated market value for the City increased about 35%, or approximately \$850,330,000. As such, the Property Tax Rate for the City fell from approximately 48.2% in 2017 to about 43.9% in 2021. Due to the pending implementation of a new property tax administration system and associated delays in reporting certain property tax data, the County could not provide updated figures for the Final 2022 Budget.

Although the property tax rate continued to decrease, the City increased the property tax levy from \$15,494,419 in 2019 to \$16,890,084 in 2021, an increase of about \$1,395,700 or 9.0%. Since the expansion of the property tax base outpaced the increase in the property tax levy, many businesses and residents may be able to pay about the same amount in property tax, assuming no change in the valuation of their property, over the same time period. The expansion in property tax base allows the City to raise additional property tax revenue to support new activities, while increasing its capacity to respond to cost pressures and shifts in the economy. For the Final 2022 Budget, the City Council Final a property tax levy of \$17,392,070, an increase of about \$501,986 or 2.97% compared to 2021. Even with this increase in the property tax levy, the City estimates the property tax rate to decrease by about 2.8% for property taxes payable in 2022, continuing the trend from previous years.

| | Figure No. 17, Property Tax Levy History and Detail | | | | | | | | | | | | | | |
|--------------------------|---|--------------|--------------|--------------|------------|-------------|--|--|--|--|--|--|--|--|--|
| Property Tax Levy | 2019 | 2020 | 2021 | 2022P | Change (%) | Change (\$) | | | | | | | | | |
| General Fund | \$11,783,833 | \$12,458,025 | \$13,220,201 | \$13,682,908 | 3.50% | \$462,707 | | | | | | | | | |
| IT Capital Projects Fund | 55,913 | 58,708 | 63,405 | 68,477 | 8.00% | 5,072 | | | | | | | | | |
| SNC Fund | 392,197 | 411,807 | 427,249 | 461,429 | 8.00% | 34,180 | | | | | | | | | |
| Debt Service Funds | 3,262,476 | 3,181,017 | 3,179,229 | 3,179,256 | 0.00% | 26 | | | | | | | | | |
| Total | \$15,494,419 | \$16,109,557 | \$16,890,084 | \$17,392,070 | 2.97% | \$501,986 | | | | | | | | | |

Based on this change, the estimated property taxes for a residential homestead with a median assessed value of \$247,200 for 2022 (compared to approximately \$234,00 for 2021) will increase by approximately \$37, or 3.7%, from about \$988 for 2021 to approximately \$1,025 for 2022. These projections are based on property tax estimates and may be subject to change upon the release of audited property tax information by the County.

Debt Service

Like many local governments, the City finances some of its capital projects with debt. Generally, the process a municipality uses to borrow money may be referred to as "bonding," named for the most common type of indebtedness used by local governments. In its simplest terms, a municipal bond is a loan from a bond holder (i.e., investor) to the City (i.e., issuer or borrower) with an agreement to repay the loan over a fixed period with interest at certain intervals, usually semi–annually. The City services approximately \$62,765,000 in outstanding debt. In total, the City will levy \$3,179,256 in property taxes to service outstanding debt in 2022; the City does not plan to issue any debt as part of the Final 2022 Budget. Figure No. 18 outlines the debt service profile for the City.

| | Figure No. 18: Outstanding Debt Service, December 31, 2021 | | | | | | | | | | | | |
|--------|--|------------------------------|----------|--|--|--|--|--|--|--|--|--|--|
| Series | Туре | Outstanding Principal | Maturity | | | | | | | | | | |
| 2012A | Equipment Certificate | 150,000 | 2022 | | | | | | | | | | |
| 2016A | General Obligation, Utility Revenue | 3,580,000 | 2031 | | | | | | | | | | |
| 2017A | General Obligation, Capital Improvement | 44,495,000 | 2042 | | | | | | | | | | |
| 2019A | General Obligation, Tax Increment | 9,510,000 | 2035 | | | | | | | | | | |
| 2020A | General Obligation, Tax Increment | 3,910,000 | 2026 | | | | | | | | | | |
| | Total | \$61,645,000 | | | | | | | | | | | |

Using this debt service and market value for property taxes payable in 2021 of \$3,240,926,104, the City currently maintains a total debtto-market value ratio of approximately 1.94%. When excluding debt supported by utility revenues, the total debt-to-market value ratio decreases to 1.38%. Assuming an estimated population of 29,590 in 2020, the per capita debt for the former is approximately \$2,120 and about \$1,500 for the latter; both amounts, and ratios are sustainable for the community. As of December 31, 2021, the City maintains an Aa2, or the third highest, credit rating from Moody's Investors Service, Inc.

In Minnesota, several sections of State law, as well as various Federal regulations, control the issuance, repayment and limits related to these, and other types of financial obligations applicable to municipalities. While most of these regulations are too complex for this budget document, the City regularly monitors its debt limit as controlled by Minnesota Statute 475.53, which limits so–called statutory debt to not more than three percent of the estimated market value of a municipality. Figure No. 19 addresses this limit as well as the statutory debt reserve establish by administrative policy of the City Manager.

| Figure No. 19: Statutory Debt Limit, as of December 31, 2021 | | | | | | | | | | | |
|--|----------|-----------------|--|--|--|--|--|--|--|--|--|
| Criteria | Action | Value | | | | | | | | | |
| Estimated Market Value | n/a | \$3,240,926,104 | | | | | | | | | |
| Estimated Debt Limit (per Minnesota Statute § 475.53) | Multiply | 3.0% | | | | | | | | | |
| Statutory Debt Limit | Subtotal | \$97,227,783 | | | | | | | | | |
| General Obligation Debt, Paid Solely from Property Taxes | Subtract | \$44,645,000 | | | | | | | | | |
| Unused Statutory Debt Limit | Total | \$52,582,783 | | | | | | | | | |
| Statutory Debt Reserve | Subtract | \$20,000,000 | | | | | | | | | |
| Remaining Statutory Debt Limit | Total | \$32,582,783 | | | | | | | | | |

GENERAL FUND

This section of the Final 2022 Budget provides information regarding the following departments and their respective divisions as supported by the General Fund:

- Summary;
- Legislative Department;
- General Management Department;
- Finance Department;
- Public Safety Department;
- Public Works Department;
- Community Services and Employee Resources Department; and
- Community Development Department.

The remainder of this page intentionally left blank.

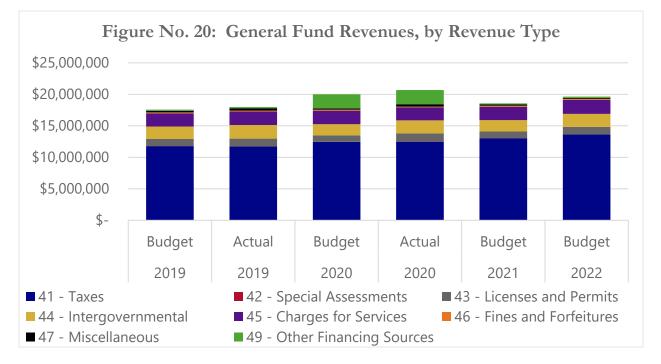

General Fund Summary

The Final 2022 Budget for the General Fund authorized up to \$19,633,900 of expenditures, an increase of about \$1,069,600 or 5.8%, compared to the previous fiscal year. As outlined below, the Final 2022 Budget supports these expenditures with \$19,633,900 of revenues, resulting in the same increase as expenditures from the previous fiscal year. As such, the General Fund remains structurally balanced, as its ongoing expenditures are supported by ongoing revenues. Based on the Final budget authority for 2022, the General Fund accounts for about 42.5% and 39.7% of all budgeted revenues and expenditures, respectively.

General Fund Revenue. The General Fund receives a variety of revenues to support City operations, including charges–for–service, intergovernmental aid, licenses and permits, and property taxes among other funding sources. Like most other municipalities, the property tax levy comprises most of the General Fund revenue. For 2022, it will represent about 69.5% of all revenues received by the fund. In total, the property taxes for the General Fund totaled \$13,637,400 in 2022, an increase of about \$605,700 or 4.7% compared to the previous fiscal year. The Final 2022 Budget anticipates a 0.5% reduction in the property tax collection rate, reflecting the historic delinquency rate for property tax collections compared to the certified amount outlined in a previous section.

The Final 2022 Budget also assumes other changes to various revenue sources, including a \$244,900 increase in intergovernmental aid, primarily due to a new State grant to investigate and prevent automobile theft within the City. Additionally, as part of a strategy to reduce the exposure of the operating budget to traditionally instable funding sources, the Final 2022 Budget reallocates \$82,400 of LGA to the Capital Project Funds, reducing the amount to \$662,300. The Final 2022 Budget also includes an increase in licenses and permit revenues by about \$149,900 or 14.5% compared to the previous fiscal year, primarily to better reflect building permit revenue activity over the previous three fiscal years. For 2022, General Fund revenues otherwise totaled \$19,633,900, an increase of about \$1,069,600 compared to the Adopted 2021 Budget.

General Fund Expenditures. Consistent with previous years, the Public Safety Department continues to account for the plurality of General Fund expenditures accounting for about 47% of all budget authority in 2022, followed by Public Works Department at about 21% and the Finance Department at about 10% with all other departments accounting for about 22% of the expenditures for the General Fund. Figure No. 21 below outlines this breakdown in greater detail.

Like previous years, Personnel Services accounts for about 78% of all General Fund expenditures and Other Services and Charges comprises about 18%, with the remaining balance supporting Supplies. As part of the Final 2022 Budget, Personnel Services, which includes salaries and benefits, increased approximately \$998,100, or 7% compared to the previous fiscal year, due primarily to 15% and 3% increases in the health insurance premiums and the compensation plan, respectively. Beyond these adjustments, the Final 2022 Budget also includes \$397,300 for additional wage changes for a pending compensation plan update. Generally, the City assumes its compensation plan to be approximately 5% below the marketplace, depending upon position. The additional budget authority provides capacity to support anticipated compensation plan changes in late 2021 and early 2022. For 2022, General Fund expenditures totaled \$19,633,900, an increase of about \$1,069,600 compared to the Adopted 2021 Budget.

Department: Legislative

Division: City Council (111)

Mayor: Scott Lund

Areas of Responsibility. The City Council sets policy for the City within guidelines of the City Charter and provides administrative directives through the City Manager. The City Council has two regular meetings scheduled each month for purposes of setting policy and other official business. Four commissions provide advice to the City Council: Charter, Planning, Parks and Recreation, and Environmental Quality and Energy Commissions. The Charter Commission is a semi–autonomous body charged with reviewing the City Charter; members are appointed by the Chief District Judge.

Department: City Management Summary

City Manager: Walter Wysopal

Description. The General Management Department, also referred to generally as the City Manager's Office, provide administrative and executive oversight for all City activities and projects. Specifically, the department includes the following divisions:

- City Management (also known as the City Manager's Office);
- Legal (City Attorney's Office);
- Employee Resources;
- Communications and Engagement;
- City Clerk's Office;
- Elections;
- Non–Departmental; and
- Emergency Reserves.

2021 Update. The General Management Department made significant progress on several of the goals and objectives outlined in the Adopted 2021 Budget.

- The City Council, upon the recommendation of the City Manager, authorized the reorganization of the City Management and Community Services Departments, which reassigned the Communication and Engagement Division and the Employee Resources Divisions from the latter to the former. The reorganization will increase the effectiveness of those divisions by providing greater, direct access to the City Manager.
- The City Management Division:
 - In collaboration with the City Clerk's Office, successfully implemented a new agenda management software solution for City Council and Advisory Commission meetings. Additionally, the City Clerk's Office assumed responsibility for the creation and distribution of the agenda packet for certain meetings.
 - Hired an Administrative Intern to assist the City Clerk's Office with the Fridley City Code (City Code) Recodification Project, an effort to essentially rewrite the entire City Code. The Project, which was formally authorized by the City Council, will take at least three years to complete and have a significant impact on City operations.
- The Communications and Engagement Division completed a Resident Survey. The statistically-significant survey provided the City with resident feedback on various City activities and services. It also polled the community on their specific opinions about the pending Park System Improvement Plan. The results on the survey will be used to inform both budgeting and strategic planning decisions.

- The Employee Resources Division:
 - As part of the Compensation Plan Update, reviewed Position Analysis Questionnaire (PAQs) and drafted job descriptions for all staff, as needed. The City will then build new compensation grid and make wage adjustments, as needed.
 - As the COVID-19 Preparedness Plan expired, refocused on training opportunities for staff, including mandatory trainings, identifying skills gaps and creating touchpoints with staff to improve retention efforts.
 - Launched a new wellness portal at the beginning of the year with 84% of wellness program-eligible employees participating the first two quarters.

2022 Significant Issues and Priorities. Along with the trends, there are several other significant issues or priorities, including but not limited to those mentioned below.

- The City Management Division will be heavily involved in the above-mentioned Recodification Project, most notably, by providing significant staff support through the Assistant to the City Manager and Administrative Intern. The City Manager will also provide strategic direction and oversight for the Project.
- The Employee Resources Division will:
 - Launch a new benefits administration portal for new/open enrollments and benefit changes for eligible staff. The new system will enhance the delivery of services and facilitate an easier flow of information between the City and its vendors.
 - Continue to work on the Compensation Plan Update, updating compensation and position review policies and performing and monitoring the labor market with ongoing support from the consulting firm.
 - Anticipate an impact of "The Great Resignation," in which employees leave their current positions as they re-prioritizing personal goals as a result of the COVID-19 pandemic. The division will put greater focus on creative solutions for talent acquisition and retention, including enhanced employee training and development, and improved connections between staff and leadership.
 - Review policies and procedures, and further educate staff to ensure compliance, safety and responsiveness to the needs of the community while fostering a desirable work environment.
- The City Clerk's Office will:
 - Support the implementation of the Fridley City Code Recodification Project;
 - Support the changes to the City Council meeting practices (e.g., agenda management, minutes);
 - Conduct two statewide elections and evaluate the wages for election judges;
 - Begin efforts to revise records retentions practices, including an inventory of all City agreements and contracts; and
 - Begin and complete the ward and precinct redistricting process for the City.

Division: City Management (City Manager's Office) (121)

Manager: Walter Wysopal

Areas of Responsibility. The City Manager provides general administrative supervision for all City departments. This role includes review and approval of budgets, employee and labor management, and the development of policy recommendations for the City Council. The City Manager's Office also prepares City Council agendas and has responsibility for communication with staff, the City Council, the general public and other governmental agencies.

Division: Legal (City Attorney's Office) (124) Manager: Walter Wysopal

Areas of Responsibility. The City Attorney's Office provides legal counsel to the City Council and City staff on legal issues or questions and prosecutes criminal offenses. At present, two separate entities provide these services: 1) Kennedy and Graven, Chartered, for civil affairs; and 2) City of Coon Rapids, for criminal affairs. Kennedy and Graven, Chartered attends City Council meetings, provides legal opinions, and aids in the development of ordinances and resolutions. The City of Coon Rapids prosecutes criminal offenses on behalf of the City.

Department: Employee Resources (126)

Director: Becca Hellegers

Areas of Responsibility. The Employee Resources Department supports and maintains the human resources of the City. It addresses all human resources matters of the organization, including: compensation analysis; employee recruitment and retention; employee benefits; labor relations and negotiations; personnel regulation and policy compliance; and workforce development. The Employee Resources Division also works closely with the Accounting Division in support of payroll administration.

Division: Communications and Engagement (127)

Manager: Luke Cardona

Areas of Responsibility. The Marketing and Communications Division supports the marketing and promotional efforts of the City, including: media relations; municipal liquor store marketing; newsletter production; social media management; special events and programs; and video production. Financially, the costs of its activities are shared with the Cable Television Fund (225).

Division: City Clerk/Records Management (City Clerk's Office) (128)

Manager: Melissa Moore

Areas of Responsibility. The City Clerk's Office supervises the City's records management program and document imaging system; Minnesota Government Data Practices Act compliance; and the Elections Division. It also maintains the City Code and City Charter, monitors local and state legislation, provide research and analysis services, draft city ordinances, resolutions, policies and procedures, and provide general information to public officials, general public and city personnel on various regulations. The City Clerk's Office also serves as the staff liaison to the City Charter Commission.

Division: Elections (129)

Manager: Melissa Moore

Areas of Responsibility. The Elections Division administers elections and works to minimize any delays experienced by voters. It also serves as an important impartial authority for encouraging voter registration, for recruiting and assigning election judges, assisting in the accuracy of the voting equipment, counting of ballots and the certification of elections results and petitions.

Division: Non–Departmental (141)

Manager: Walter Wysopal

Areas of Responsibility. Established in 1990, the Non–Departmental Division accounts for those revenues and expenditures that are not easily allocated to more specific departments and/or divisions within the General Fund. Additionally, the division accounts for all property tax revenue received by the General Fund.

Division: Emergency Reserves (142)

Manager: Walter Wysopal

Areas of Responsibility. The Emergency Reserves Division absorbs any unexpected costs that were not otherwise anticipated or budgeted, such as unforeseen legal expenditures, natural disaster response and equipment failure. It also provides funds to continue City business without interruption of services to taxpayers, and to shield the City from negative variances in funding sources.

Department: Finance Summary

Acting Director: Korinne Johnson

Description. As an internal service department, the Finance Department provides advice, guidance and financial services for all other departments and divisions of the City. Additionally, the Department supervises the activities of the Municipal Liquor Division, which may be reviewed in greater detail in the Enterprise Fund section of this budget document. In addition to supervising the Municipal Liquor Division, the department includes the following divisions:

- Accounting;
- Assessing;
- Information Technology;

2021 Update. The Finance Department made significant progress on several of the goals and objectives outlined in the Adopted 2021 Budget.

- Accounting Division staff focused on a variety of priorities, including:
 - Converted the Accounting Specialist to an Accounting Technician to better support utility billing administration;
 - o Implemented the paperless accounts payable system;
 - Began Implementing Governmental Accounting Standards Board (GASB) Standard No. 87 for lease accounting compliance; and
 - Coordinated the financial response of the City to the COVID–19 pandemic.
- Assessing Division staff focused on a variety of priorities, including:
 - Conducted the 2021 Local Board of Appeal and Equalization;
 - Worked through issues related to the Computer Assisted Mass Appraisal (CAMA) system implementation by Anoka County; and
 - Delayed field technology deployment as a result of the CAMA system issues.
- City Clerk's Office staff focused on a variety of priorities, including:
 - Finalized the Data Practices Policy and arranged trainings;
 - o Formally launched the Fridley City Code Recodification Project;
 - Finalized the Agenda Management Process Improvement Project; and
 - Promoted the incumbent Administrative Services Coordinator to City Clerk.
- Information Technology (IT) staff focused on a variety of priorities, including:
 - Finalized the Microsoft 365 migration;

- o Assisted Community Development with Citizenserve expansion and plan review software;
- o Completed data migration for redundant servers; and
- Updated the 2022-2024 IT Plan.
- The department also managed the Process Management Team (PMT), with the goal of improving service delivery and administrative processes throughout the organization. The PMT completed a process improvement project to enhance the employee onboarding experience. Additionally, the PMT also completed the second round of the performance measurement program through the Minnesota Local Performance Measurement Program as offered by the Office of the State Auditor.
- The department also continued implementation of the 2020–2022 Strategic Plan. Generally, the plan provided for department congruence with the Focus on Fridley Strategic Plan and identified a series of operational changes and projects for the department. It also created a Statement of Values to provide the department with greater cohesion.

2022 Significant Issues and Priorities. Along with the trends, there are several other significant issues or priorities, including but not limited to those mentioned below.

- The Accounting Division will:
 - Plan for possible retirements;
 - Monitor the use of funds provided by the American Rescue Plan Act (ARPA);
 - o Expand the performance measurement program in collaboration with the PMT;
 - o Develop an internal accountability/audit program;
 - Consider changes to the customer service practices for utility billing; and
 - Support the various recommendations of the PMT and the performance measurement program.
- The Assessing Division will:
 - Work with Anoka County and resolve CAMA system issues;
 - Deploy field technology to support the field inspection process; and
 - Complete the annual quintile and hold the 2022 Local Board of Appeal and Equalization; 4) resolve any potential property tax petitions; 5) replace the special assessment database.
- The IT Division will:
 - Implement the 2022 IT Capital Investment Program as approved by the City Council;
 - Support the vision established by the 2022-2024 IT Plan and the efforts to be "paperless by 2025;"
 - Continue disaster planning efforts and IT protocol documentation;
 - Implement the recommendations of the Geographic Information System (GIS) assessment; and
 - Continue efforts to enhance cybersecurity.

Finance Department Summary

Division: Accounting (131)

Manager: Korinne Johnson

Areas of Responsibility. The Accounting Division administers, supervises and plans for all the City's financial activities. These activities include: financial reporting; utility billing and collections; accounts payable and revenue collections; investments management; debt management; risk management; grant management; payroll processing; and budget preparation. It provides financial information to the City Council and City staff. The Accounting Division also provides financial management services for the Fridley Housing and Redevelopment Authority (HRA) and supervises the "front desk" of the Fridley Civic Campus.

Division: Assessing (City Assessor's Office) (132)

Manager: Patrick Maghrak

Areas of Responsibility. The City Assessor's Office implements various property tax and valuation related statutes of the State of Minnesota (State) as they apply to the City. It classifies all taxable property and determines the appraised value of all real estate within the City. The division also assists with special assessment, development review and other special projects, as assigned.

Division: Information Technology (133)

Manager: Jim Erickson

Areas of Responsibility. The Information Technology Division provides information system support, networking support and application development for all City departments. It also coordinates the City's use of information technology through long–range planning, policy development and facilitates communication between the City and its citizens through development of the website and other information resources or tools.

Department: Public Safety Summary

Director: Brian Weierke

Description. Established in 2018, the Public Safety Department supervises all public safety and emergency response activities and programs for the City. In addition to the Police Activity Fund (outlined in another section of the budget as a Special Revenue Fund), the department includes the following divisions:

- Police;
- Emergency Management; and
- Fire.

2021 Update. The Public Safety Department made significant progress on several of the goals and objectives outlined in the Adopted 2021 Budget.

- The department continued to build upon the recent Public Safety Department consolidation through a series of teambuilding exercises held with management staff for both the Police and Fire Divisions. Additionally, the department:
 - Made great progress with mental and physical wellness (e.g., exercise room, psychologist);
 - Enhance equipment and training for crowd control activities; and
 - Returned to regular training routines after the COVID–19 issues from 2020.
- Fire Division staff focused on a variety of priorities, including:
 - Recruitment of Paid-on-Call (POC) Firefighters; currently at 34 of the 40 authorized POCs.
 - o Completed a live fire training exercise within the division;
 - Started to sign up and participate in "Fabric of the Community" events with Police Division staff; and
 - Stabilized fire inspection efforts.
- Police Division staff focused on a variety of priorities, including:
 - o Stabilized Community Service Officer (CSOs) ranks; may need more attention in 2022; and
 - o Improved Emergency Management efforts with the assignment of certain duties to the Administrative Sergeant.

2022 Significant Issues and Priorities. Along with the trends, there are several other significant issues or priorities, including but not limited to those mentioned below.

- The department will continue efforts to build trust within the community by being a larger part of the "fabric of this community." Additionally, it will:
 - Maintain a high level of equipment readiness and training;
 - Work to retrain department staff and evaluate staffing levels to maintain current service level expectations.

- The Emergency Management Division will continue to expand emergency management capabilities and revise certain emergency management planning documents and strategies.
 - The Fire Division will continue efforts to hire the authorized 40 POC Firefighters and focus on succession planning for certain positions.
- The Police Division will:
 - Move towards more a crime analysis and data-driven programs; and
 - o Consider the need for a social worker/mental health provider to assist with certain calls for service;

Public Safety Department Summary

Division: Police (211)

Manager: Ryan George

Areas of Responsibility. The Police Division promotes the safety of the City by partnering with the community to preserve life and protect property. It provides professional police services, including: law enforcement; crime investigation and prevention; apprehension of violators; and medical emergency response. The Police Division collaborates with the community through a school resources officer and other programs. Members of the Division also serve on various groups, such as the Anoka–Hennepin Narcotics and Violent Crimes Taskforce. In its efforts to address the needs of the City, the Police Division places an emphasis on community partnerships.

Division: Emergency Management (215)

Manager: Brian Weierke

Areas of Responsibility. The Emergency Management Division plans and implements the response to local, regional and national emergencies on behalf of the City and in accordance with applicable guidelines or regulations. In addition to maintaining the Emergency Operations Center, the Division trains personnel for emergencies, supports a team of volunteer reserves and maintains the outdoor emergency warning sirens.

Division: Fire (219)

Manager: Vacant

Areas of Responsibility. The Fire Division provides emergency response and management for all hazards, including: fires, medical emergencies; rescues; and accidental releases of dangerous materials. It also conducts building and building plan inspections for fire code compliance. The Fire Division also supports a variety of community programs, such as the annual fire prevention training in local elementary schools. It offers 24–hour services through a team of full–time and paid–on–call firefighters. The Fire Division staff also serves on various interagency taskforces (e.g., Minnesota State Chemical Assessment Team for the North Metro). It operates two fire stations.

Department: Public Works Summary

Director: James Kosluchar

Description.

The Public Works Department is responsible for engineering, design and maintenance of City streets, sidewalks, parks, water, sanitary and storm water utility systems, City Hall and City Garage, and maintenance of equipment. Technical support in the form of surveys, drafting, research and utility location is provided by Engineering for the development of improvements plans, construction and safety programs for the City. The department includes the following divisions:

- Facilities Management;
- Engineering;
- Street Lighting;
- Parks Maintenance;
- Street Maintenance; and
- Fleet Services.

2021 Update. The Public Works Department made significant progress on several of the goals and objectives outlined in the Adopted 2021 Budget.

- The Facilities Management Division continues efforts to reduce utility usage at City facilities. It also replaced part-time custodian to support the Fridley Civic Campus.
- Engineering Division staff continued to manage a heavy workload, including delivery of the recently revised Streets Capital Investment Program. Division staff also participated in the planning efforts for various Anoka County projects, such as the roundabout planned at Gardena and Old Central Avenues and helped with the development of the Park System Improvement Plan.
- Street Lighting Division staff continue to coordinate minor maintenance of traffic signals with Anoka County and focused on repairs and maintenance throughout the community.
- The Forestry Division continues its schedule with the Emerald Ash Borer (EAB) Mitigation Plan. It also shifted resources from certain contractual services to provide resources for an additional maintenance crew.
- The Park Maintenance Division participated in the development of the Park System Improvement Plan. With the assistance of the Employee Resources Division, the City also adjusted the hourly wages for seasonal positions, which helped address recruitment challenges for the division.

- The Street Maintenance Division increased resurfacing activities to repair and restore various pavements throughout the City. The division also assisted with maintenance for on priority trail segments.
- The Fleet Services Division implemented a new vehicle leasing program through Enterprise Fleet Services and acquired the first electric vehicles for the City.

2022 Significant Issues and Priorities. Along with the trends, there are several other significant issues or priorities, including but not limited to those mentioned below.

- The Facilities Management Division will continue to prepare and implement detailed preventative maintenance schedule for City facilities. It will also seek opportunities to further collaborate with other division to both provide facilities maintenance expertise and reduce maintenance costs.
- The Engineering Division will continue to complete a greater than usual number of projects while working with various project partners, namely Anoka County and the Minnesota Department of Transportation, on their projects within the community. The division will also provide capital project support for efforts related to the Park System Improvement Plan.
- The Lighting Division plans to retrofit or abandon certain decorative street lighting on 57th Avenue and Osborne Road in addition to its regular maintenance activities.
- The Park Maintenance Division must continue efforts to recruit and retain seasonal employees and expand efforts to provide year–round sidewalk and trail access, including for non–City facilities. The division plans to continue work on the greenspace at or near the Fridley Civic Campus and further aid in the development of the Park System Improvement Plan.
- The Street Maintenance Division will address pavement deterioration through the additional budget authority provided by the City Council in 2021. It will also develop a pavement management plan for certain trails in the community.
- The Fleet Management Division plans to expand and optimize the vehicle leasing program. It will also focus on reducing vehicle idling and begin consideration of a vehicle pooling program among various departments.

Public Works Department Summary

Division: Facilities Management (311)

Manager: Jeff Jensen

Areas of Responsibility. The Facilities Management Division maintains the exteriors and interiors of the Fridley Civic Campus, Public Works Building and other City buildings, as assigned. It strives to maintain all City facilities in a manner that ensures safety and extends their useful life.

Division: Engineering (314)

Manager: Jon Lennander

Areas of Responsibility. The Engineering Division develops plans, sets specifications and determines estimates for capital improvement projects and programs. It also is responsible for the design and construction of streets, sanitary sewer collection systems, storm water facilities, and water treatment and distribution systems. The Engineering Division also maintains records on various projects in the City (i.e., "as-built"), and utility service locations. Also, the GIS Geographic Information System (GIS) functions are housed in the Engineering Division and maintain the mapping and graphics systems for the City.

Division: Forestry (315)

Manager: Jeff Jensen

Areas of Responsibility. The Forestry Division provides for the health of the trees and other foliage of the City. Generally, it provides for maintenance of trees located in parks, streets and other areas either owned or operated by the City, including removal, replacement, planting, trimming and inspection services. The Forestry Division also provides for the removal and replacement of private trees consistent with tree replacement programming.

Division: Street Maintenance (318)

Manager: Jeff Jensen

Areas of Responsibility. The Street Maintenance Division performs the necessary tasks to reduce the depreciation and wear of City streets. It also strives to maintain the desirable standards of appearance, serviceability and safety, which includes street sweeping, repair of street surfaces, and snow and/or ice prevention and removal.

Division: Fleet Services (319)

Manager: Mark Foster

Areas of Responsibility. The Fleet Services Division provides for the maintenance and upkeep of all City–owned equipment and vehicles, including dump trucks, fire trucks, lawnmowers, passenger vehicles, pick–up trucks, squad cars and sport utility vehicles. It may also refer certain activities and repairs to external organizations, as need or required by warranty.

Department: Community Services

Director: Mike Maher

Description. Recreation engages the community in a variety of year-round activities and events. In addition to supervising the Springbrook Nature Center (outlined in another section of the budget as a Special Revenue Fund), the department includes the following divisions:

• Parks and Recreation.

2021 Update. The Community Services Department made significant progress on several of the goals and objectives outlined in the Adopted 2021 Budget.

- The City Council, upon the recommendation of the City Manager, authorized the reorganization of the City Management and Community Services Departments, which reassigned the Communication and Engagement Division and the Employee Resources Divisions from the latter to the former. As such, the Community Services Department will be comprised of two divisions 1) Parks and Recreation (supported by the General Fund) and 2) the Springbrook Nature Center (supported by the Springbrook Nature Center Special Revenue Fund).
- Parks and Recreation Division staff focused on a variety of priorities, including:
 - The "Rec and Roll" program which held 64 pop-up programs in neighborhood parks;
 - A successful summer concert series which utilized the Fridley Civic Campus for engaging community programming;
 - Staff played a key role in gathering public input on concepts for the Park System Improvement Plan; and
 - The division successfully resumed the "ROCKS" summer program after cancellation in 2020 due to the COVID–19 pandemic.

2022 Other Significant Issues and Priorities. Along with the trends, there are several other significant issues or priorities, including but not limited to those mentioned below.

- The Parks and Recreation Division will:
 - Continue to respond to the shift in programming due to the outbreak of COVID–19 and the associated challenges;
 - Better align the budget to support the recent City reorganization, most notably the movement of community engagement program expenditures from the Community Services Department to the City Management Department;
 - Plan for additional budget authority related to the Park System Improvement Plan, especially as the City completes park improvements (i.e., additional staff and equipment may be needed to expand programming and services); and
 - Focus on refining processes and policies to allow for event sponsorships, recognition and memorial opportunities, and a more customer-oriented facility rental experience.

• Additionally, program enrollments continue to trend positively, indicating that shelter rentals and program enrollments have capacity to return to pre-pandemic levels, assuming continued abatement of the COVID-19 pandemic.

Division: Parks and Recreation (410)

Manager: Margo Numedahl

Areas of Responsibility. The Parks and Recreation Division provides a wide variety of year–round leisure activities, which contribute toward the physical, social and emotional well–being of participants of all ages. It provides programs in the following areas: instructional recreation activities; competitive athletic leagues; fitness activities; special events; cultural arts; and outings. Beginning in 2020, this Parks and Recreation Division ceased operation of a Senior Center.

Department: Community Development

Director: Scott Hickok

Description. The Community Development Department coordinates and plans for all the different real estate developments in the City including: commercial; industrial; and residential (both single family and multi–family homes). The department promotes commercial and industrial development to expand the job base with livable wage employment opportunities and to increase the tax base. In addition to serving as the primary staff liaison to the Housing and Redevelopment Authority (HRA), the department includes the following divisions:

- Building Inspections;
- Planning; and
- Rental Inspections.

2021 Update. The Community Development Department made significant progress on several of the goals and objectives outlined in the Adopted 2021 Budget.

- With about \$78 million in new development value as of July 1 (compared to \$98 million at year–end last year), the Building Inspections Division managed another strong year of development activity. The rapid pace of development, however, delayed planned software integrations. As such, the transition to paperless plan review and permitting software will now occur in 2022. The division also hired a temporary staff member to assist with plan review and inspection activities.
- The Planning Division backfilled for the part-time, Planner position vacancy created when the previous incumbent was promoted to Planning Manager. The City Council also formally approved the 2040 Comprehensive Plan, and it has already guided certain development activities. The division recently expanded use of its permitting software to include the Engineering Division.
- The Rental Inspections Division backfilled for the Rental Inspector vacancy created when the previous incumbent was promoted to Rental Inspections Manager.

2022 Other Significant Issues and Priorities. Along with the trends, there are several other significant issues or priorities, including but not limited to those mentioned below.

- The Building Inspection Division will continue to respond to an increase demand for inspection and plan review services. The Final 2022 Budget includes an additional \$18,000 for contracted building inspection and plan review staff.
- The Planning Division will continue efforts to expand the use of its online permitting software to other divisions, most notably Building and Rental Inspections.
- The Rental Inspection Division continues to identify additional training opportunities to further refine their inspection practices.

Community Development Department Summary

Division: Building Inspections (511)

Manager: Tony DeForge

Areas of Responsibility. The Building Inspections Division enforces the building code and applicable ordinances within the City in order to prevent health and safety hazards. It also provides applicable information to homeowners and businesses and reviews building plans and provides coordination of inspections.

Division: Planning (512)

Manager: Stacy Stromberg

Areas of Responsibility. The Planning Division oversees all land development activities and efforts in the City in compliance with the Comprehensive Plan. It also maintains compliance with ordinances related to public nuisances, subdivisions and zoning. The Planning Division serves as the liaison to the Planning Commission and the Environmental Quality and Energy Commission. It is also responsible for the administration of the various waste reduction programs provided by the City and partnering agencies.

Division: Rental Inspections (514)

Manager: Mary Dooher

Areas of Responsibility. The Rental Inspections Division provides for the systematic inspection and licensing of all rental units located in the City. In doing so, it protects the health, safety and well–being of the Fridley community, and preserves valuable housing stock for current and future residents.

SPECIAL REVENUE FUNDS

This section of the Final 2022 Budget provides information regarding the following departments and their respective divisions as supported by Special Revenue Funds:

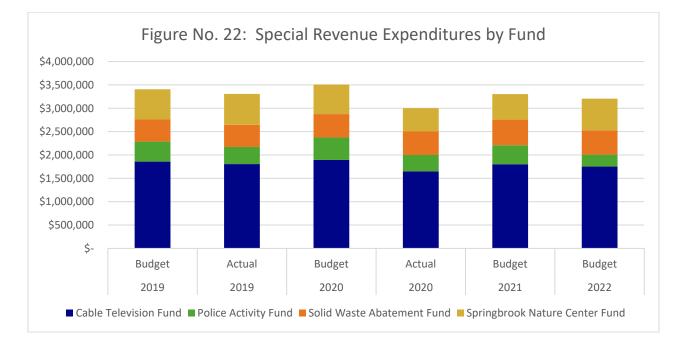

- Summary;
- Cable Television Fund;
- Solid Water Abatement (i.e., Recycling) Fund;
- Police Activity Fund; and
- Springbrook Nature Center Fund.

The remainder of this page intentionally left blank.

Summary

Special Revenue Funds are designed to account for the activities of a specific revenue source and are legally restricted for a specific purpose. At present, the City maintains budgeted funds for Cable Television, Solid Waste Abatement (i.e., recycling), Police Activity and the Springbrook Nature Center (SNC). The City budgets for these funds in a similar manner to the General Fund.

The Final 2022 Budget assumes a total of \$1,845,400 in Special Revenue Fund expenditures, a decrease of about \$956,900 or 3%, compared to the Adopted 2021 Budget. Generally, this decrease may be attributed to the Police Activity Fund, through which the City administers a pass–thru "Toward Zero Deaths" grant on behalf of the County. Per the grant agreement, the City would only administer the grant for a three–year period ending in 2021. As such, Police Activity Fund expenditures will decrease by about \$149,400 or 37%. Along with this decrease, the Final 2022 Budget also includes about \$79,600 in additional expenditures for the SNC Fund, as part of a financial plan to provide approximately \$204,300 of additional budget authority over a five–year period, to address certain operating needs and deferred maintenance. These costs will be primarily supported through 8% annual SNC Property Tax Levy increase over the same period. It is important to note that each of these funds, except for Solid Waste Abatement, supports an Administrative Charge levied by the General Fund to support fund administration and operations.

Fund: Cable Television (225)

Department: Community Services and Employee Relations Division: Communications and Engagement

Areas of Responsibility. The Cable TV Fund supports the Fridley Municipal Television Channel 17, website and social media programming as well as programming for Public Access Channel 15. All regular City Council meetings are broadcast live and for playback on Channel 17. Staff produce more than 90 programs a year. The Cable TV Fund also provides equipment necessary for the operations of Channel 17.

Fund: Solid Waste Abatement (237)

Department: Community Development Division: Recycling Director: Scott Hickok Coordinator: Rachel Workin

Areas of Responsibility. Established in 1991, the Solid Waste Abatement Fund supports various activities, including: curbside recycling; drop-off events to eliminate electronics and appliances; and marketing and educational activities. Generally, the Fund seeks to reduce or prevent items from entering the waste stream that may be handled in some other form or fashion.

Fund: Police Activity (260)

Director: Brian Weierke Manager: Ryan George

Areas of Responsibility. The Police Activity Fund receives grants and intergovernmental aids designed to support public safety activities. In most cases, the grants are provided on a reimbursement basis. However, in some situations, funds are provided in advance and expended on specific activities or projects. The Police Activity Fund supports the Public Safety Data System (PSDS) System, a county–wide data sharing service for public safety agencies. The City physically houses the personnel associated with the PSDS System.

Fund: Springbrook Nature (270)

Department: Community Services and Employee Relations Division: Springbrook Nature Center Director: Mike Maher Manager: Tara Rogness

Areas of Responsibility. The Springbrook Nature Center (SNC) Fund supports activities and programs related to the Springbrook Nature Center, a premier park and open space reserve. The fund also supports the maintenance and operation of the Interpretive Center, a multi–use facility that provides natural resources programming and classroom space. The SNC partners with local school districts and non–profits to provide a variety of educational opportunities. The entire park area may be explored by the general public.

CAPITAL PROJECT FUNDS

This section of the Final 2022 Budget provides information regarding the following funds and their respective divisions as supported by Enterprise Funds:

- Summary;
- Building Capital Projects Fund
- Street Capital Projects Fund;
- Parks Capital Projects Fund;
- Information Technology Capital Projects Fund; and
- Equipment Capital Projects Fund.

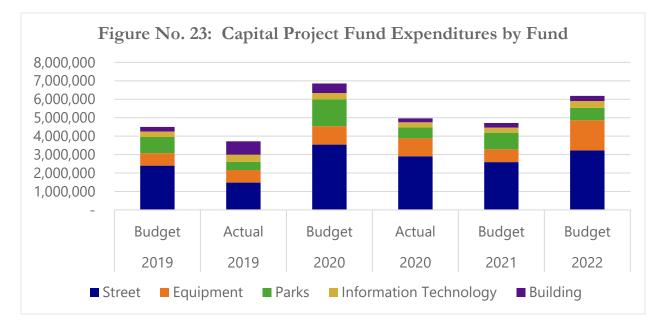

For additional information and analysis regarding the Adopted 2021 Budget for the Capital Projects Funds, please refer to Volume No. 3: Final 2022–2026 Capital Investment Program.

The remainder of this page intentionally left blank.

Summary

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. Often these funds make use of fund balances to finance the sometimes–extraordinary cost of certain capital projects. At present, the City maintains budgeted funds for Buildings, Streets, Parks, Information Technology and Equipment.

The Final 2022 Budget includes a total of \$6,185,700 of Capital Projects Funds expenditures, an increase of about \$1,471,800, or about 31%, compared to the previous year. Generally, this increase may be attributed to carry-forwards from 2021 in the amount of \$2,284,500, mainly in the Streets Projects Fund. For the Streets Capital Projects Fund, the City plans to complete four major capital projects with plans to spend \$3,226,800, resulting in a total increase in expenditures of \$298,550 or 15%. With respect to the Equipment Capital Projects Fund, the City plans to expend \$1,059,900, an increase of \$306,400 or about 41% compared to the previous year, largely due to the replacement of a Heavy Rescue Fire Engine. Apart from these increases, the Final 2022 Budget includes a reduced activity for the Parks Capital Projects Fund pending the adoption of a Park System Improvement Plan. Consistent with City Council guidance, the City may ultimately expend up to \$30,000,000 on park system related capital projects over a 10–year period beginning in 2023.

Fund: Building Capital Projects (405)

Department: Public Works

Director: James Kosluchar

The Building Capital Projects Fund accounts for funds accumulated for the acquisition, construction, improvement and/or major repairs of public buildings, including: the Fridley Civic Campus (i.e., City Hall, Police Station, Fire Station No. 1); the Public Works Building; and other municipal buildings that may not be otherwise supported by other Capital Project Funds. The City may also use the fund to finance the acquisition of real estate for the City and its component units.

Fund: Streets Capital Projects (406)

Department: Public Works

Director: James Kosluchar

The Street Capital Projects Fund accounts for funds accumulated for the acquisition, construction, improvement and/or major repairs of transportation infrastructure, including: curb and gutter; bridges; sidewalks; streets; streetlights; traffic signals and signage; and trails. The City may expend funds on such facilities under its jurisdiction or in partnership with an area agency controlling similar assets within the City.

Fund: Parks Capital Projects (407)

Department: Public Works/Community Services and Employee Resources

Director: James Kosluchar/Mike Maher

The Parks Capital Projects Fund accounts for funds accumulated for the acquisition, construction, improvement and/or major repairs of parks and open spaces maintained by the City, including: community and neighborhood parks; playground and recreation equipment; recreation facilities; trails located in and around park units; and related activities.

Fund: Information Technology Capital Projects (409)

Department: Finance

Acting Director: Korinne Johnson

The Information Technology (IT) Capital Projects Fund accounts for funds accumulated for the acquisition, expansion, improvement, replacement and/or major repairs of IT resources and systems, including: computers; enterprise–level or major software; networking equipment; servers; and other significant hardware. The IT Capital Projects Fund may not support ongoing IT costs or operations, such as licensing and maintenance fees.

Fund: Equipment Capital Projects Fund (410)

Department: Finance

Acting Director: Korinne Johnson

The Equipment Capital Projects Fund, also known as the Capital Equipment Program (CEP) accounts for funds accumulated for the acquisition, replacement and/or major repairs of larger or more expensive equipment, including: public works and public safety vehicles and equipment; parks and landscaping equipment; and other major equipment needs as determined by the City Manager and City Council.

ENTERPRISE FUNDS

This section of the Final 2022 Budget provides information regarding the following funds and their respective divisions as supported by Enterprise Funds:

- Summary;
- Water Utility Fund;
- Sanitary Sewer Utility Fund;
- Storm Water Utility Fund; and
- Municipal Liquor Fund.

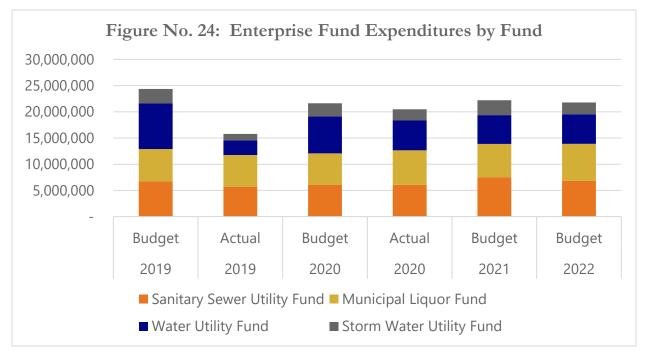

For additional information and analysis regarding the various capital projects for the Enterprise Funds, please refer to Volume No. 3: Final 2022–2026 Capital Investment Program.

The remainder of this page intentionally left blank.

Summary

Enterprise Funds are funds designed to account for proprietary activities in which fees or rates are charged to external users for goods or services. At present, the City maintains such funds for Water Utility, Sanitary Sewer Utility, Storm Water Utility and Municipal Liquor. For these funds, the City prepares a five-year budget projection for each fund and determine the appropriate fees and rates for end users. Additionally, the City regularly engages third-party consultants to review fund activities to ensure proper fund management and adequate financial resources. Ideally, these funds are self-sustaining, supporting both their operating and capital project needs.

The Final 2022 Budget includes a total of \$21,774,700 of Enterprise Fund expenses, a decrease of about \$437,900, or about 2%, compared to the previous year. Generally, this change may be attributed to a decrease in planned capital projects supported by Enterprise Funds in 2022, most notably a \$1,135,000 or 17% reduction in activity for the Sanitary Sewer Utility Fund due to the completion of the biennial sanitary sewer lining and the 53rd Avenue Lift Station Rehabilitation Project. The Final 2022 Budget also includes a decrease in expenses of about \$1,033,000 or 77% for the Storm Water Utility Fund, largely due to completion of system upgrades at 78th Avenue and near Alden Way. Due to the number of future Storm Water Utility capital projects, however, the Final 2022 Budget includes a 10% increase in the Storm Water Utility rate annually through 2025. Additionally, the Municipal Liquor Fund includes an increase in expenses of about \$747,500 or 12% to better reflect actual municipal liquor sales over the previous three years.

City of Fridley, Minnesota

Fund: Water Utility Fund

Department: Public Works

Director: James Kosluchar

Areas of Responsibility. The Water Utility Fund provides for the treatment, distribution, and metering of safe drinking water to properties within the City. The fund also maintains water pressure and fire hydrants used for fire suppression throughout the City. Additionally, the fund supports the cost of all debt service associated with capital improvements for the water utility.

2021 Update. The Public Works Department made significant progress on several of the goals and objectives outlined in the Adopted 2021 Budget.

- The Water Operations Division completed various capital project throughout the year, including but not limited to the:
 - o Rehabilitation and repair of various water well equipment and components; and
 - Replacement of water main in conjunction with the various street rehabilitation projects.
- The Water Operations Division continued to make use of an overlapping Public Service Worker position to support various Water Utility activities.
- Water consumption for the year appears to have a slight increase with new consumption from redevelopment offsetting continued but slower-paced conservation. In total, water consumption, after nearly 10-year of decline, appeared to "level-off" in 2021. Overall, water usage still decreased about 22% since 2012, despite an increase in population.

2022 Significant Issues and Priorities. Along with the trends, there are several other significant issues or priorities, including but not limited to those mentioned below.

- The Water Operations Division will apply \$561,500 in American Rescue Plan Act (ARPA) to three capital infrastructure projects beginning in 2023. By applying ARPA money to utility infrastructure projects it helps our community twofold; by keeping utility rates lower for our residential and commercial customers and by reducing the need for external debt issuances in the utility funds.
- The Water Operations Division will also continue an investigation of Per– and Polyfluoroalkyl Substances (PFAS) investigation for Well No. 10. It will also consider the future of Wells No. 1 and No. 13, which operate on standby service historically.
- With the completion of the Locke Park Water Treatment Plant Rehabilitation Project, the Water Utility Fund will begin repayment on the 2019A Interfund Loan issued by the Community Investment Fund. Annually, the payment, with interest will total, approximately \$422,030 for the next nine years.
- Generally, the Final 2022 Budget assumes a 3% increase in Water Utility Rates to support ordinary capital project expenses, to maintain appropriate cash and fund balances, and service interfund loans.

Fund: Sanitary Sewer Utility Fund

Department: Public Works

Director: James Kosluchar

Areas of Responsibility. The Sanitary Sewer Utility Fund provides for maintenance of trunk and collector sanitary sewer systems and sanitary sewer lift stations maintained by the City. The fund also provides support for wastewater treatment in concert with the Metropolitan Council. Additionally, the fund supports the cost of all debt service associated with capital improvements for the utility.

2021 Update. The Public Works Department made significant progress on several of the goals and objectives outlined in the Adopted 2021 Budget.

- The Sanitary Sewer Operations Division completed various capital project throughout the year, including but not limited to the:
 - Completion of sanitary sewer rehabilitation on 79th Way which was possible in 2021 due to low river levels.
 - Rehabilitation 53rd Avenue Life Station; and
 - Replacement of sanitary sewer system elements in conjunction with the various street rehabilitation projects.

2022 Significant Issues and Priorities. Along with the trends, there are several other significant issues or priorities, including but not limited to those mentioned below.

- The Sanitary Sewer Operations Division will focus on coordination for the upcoming street rehabilitation projects and the minor rehabilitation of certain lift stations.
- For the Sanitary Sewer Operations Division sanitary sources of inflow/infiltration continue to be a top priority. The division will coordinate with Metropolitan Council Environmental Services (MCES) on Phase No. 1 of an Inflow and Infiltration Study
- For the Final 2022 Budget, the Municipal Wastewater Charge (MWC) will increase approximately \$240,500 or 5% to about \$4,806,000. The Sanitary Sewer Rate will be adjusted to accommodate this cost increase.
- Generally, the Final 2022 Budget assumes a 3% increase in Sanitary Sewer Utility Rates to support ordinary capital project expenses, to maintain appropriate cash and fund balances and service debt as well as interfund loans.
- The Sanitary Sewer Division will apply \$1,620,000 in American Rescue Plan Act (ARPA) to three capital infrastructure projects beginning in 2022. By applying ARPA money to utility infrastructure projects it helps our community twofold; by keeping Utility rates lower for our residential and commercial customers and by reducing the need for external debt issuances in the utility funds.

Fund: Storm Water Utility Fund

Department: Public Works

Director: James Kosluchar

Areas of Responsibility. The Storm Water Utility Fund provides for maintenance of trunk and collector storm water systems maintained by the City. The fund also establishes and maintains improvements and programs provided to meet storm water quality objectives as established by the Metropolitan Council and other agencies. Additionally, the fund supports the cost of all debt service associated with capital improvements for the utility.

2021 Update. The Public Works Department made significant progress on several of the goals and objectives outlined in the Adopted 2021 Budget.

- The Storm Water Operations Division completed various capital project throughout the year, including but not limited to those mentioned below:
 - o Storm water in partnership with the Mississippi Watershed Management Organization; and
 - Replacement of storm water system elements in conjunction with the various street rehabilitation projects.
- The division also added 0.75 FTE to support both current and future Storm Water Utility Operations needs.

2022 Significant Issues and Priorities. Along with the trends, there are several other significant issues or priorities, including but not limited to those mentioned below.

- The Storm Water Operations Division will continue to operate at expense levels similar to the Adopted 2021 Budget.
- The Storm Water Operations Division will also continue efforts to implement the new Municipal Separate Storm Sewer System (MS4) permit requirements through modifications to certain operations and the completion of planned capital projects.
- Due to the number of future Storm Water Utility capital projects, the Final 2022 Budget includes a 10% increase in the Storm Water Utility rate annually through 2025, which will generate approximately \$1,750,000 in additional user fees. With this revenue, the City may avoid the issuance of debt to support planned capital project and save about \$310,000 in interest expense.
- The Sanitary Sewer Division will apply \$480,000 in American Rescue Plan Act (ARPA) to three capital infrastructure projects beginning in 2022. By applying ARPA money to utility infrastructure projects it helps our community twofold; by keeping Utility rates lower for our residential and commercial customers, and by reducing the need for external debt issuances in the utility funds.

Fund: Municipal Liquor Department: Finance

Acting Director: Korinne Johnson

Areas of Responsibility. Established in 1949, the Municipal Liquor operation consists of two retail locations with annual sales in excess of \$6,000,000 annually, with a portion of the net profits benefiting the General Fund and the Equipment Capital Projects Fund. Generally, the fund "pours its profits" back into the City and alleviates the property tax burden on businesses and residents of the community. The fund contains two divisions – one for each store.

2021 Update. The Finance Department made significant progress on several of the goals and objectives outlined in the Adopted 2021 Budget.

- Fridley Liquor continued to expand on its role in the community by:
 - Providing educational opportunities through a Business Operations Internship;
 - Working with the State and a non-profit partner to provide employment opportunities for persons with disabilities;
 - Planning to give back about one percent of net profits to the community for social responsibility related programs; and
 - Partnering with community non-profit organizations to assist in fundraising (e.g., Fridley Historical Society).
- Fridley Liquor also completed various capital projects throughout the year, including but not limited to the:
 - \circ $\;$ Modification to the cooler layout at Store No. 1; and
 - Improvement to the "cash wrap" area to better incorporate the fourth and fifth cash registers to the existing layout.
- Fridley Liquor continued to refine and optimize the recently launched online ordering system and will make other modifications to layout of Store No. 1 to accommodate online orders.

2022 Significant Issues and Priorities. Along with the trends, there are several other significant issues or priorities, including but not limited to those mentioned below.

- Fridley Liquor will need to maintain market share against a new off-sale liquor operation in Spring Lake Park. As mentioned above, the City plans to continue efforts and strategies to improve the reputation of Fridley Liquor as a community asset and a business that provide superior customer service and product selection. Additionally, Fridley Liquor plans to explore a delivery service coupled with the new online ordering system.
- Due the COVID–19 pandemic and otherwise strong demand for retail employees, Fridley Liquor continues to experience higher than average turnover in part–time positions. As such, the City plans to examine its hiring effort, retention strategies and compensation related to the municipal liquor stores. Additionally, the City plans to adjust the wages for Fridley Liquor staff as part of the first round of changes related to the pending compensation plan update.

- As part of the effort to further capitalize on the online ordering system and other strategic initiatives, Fridley Liquor, with the assistance of the Marketing and Engagement Division, continues to refine and implement its marketing plans, which includes billboards, community event participation, organizational fundraising, promotional items and social media marketing among other efforts.
- Fridley Liquor will also need to determine the ultimate transience, if any, of the increase in sales related to the COVID–19 pandemic and the shift in consumer habits. As of September 8, 2021, the enterprise grossed about \$751,000 or 17% more compared to the same time last year. As such, the Final 2022 Budget considerably adjusts both the cost of goods sold and their corresponding sales to reflect a consistent upward trend over the past three years. In 2022, the Store No. 1 and Store No. 2 will assume a budget reflective of 2020 and 2019 activity, respectively. In using stronger, but previous years, the assumptions for both Fridley Liquor locations still remain relatively conservative as an expression of caution related to a possible change in consumer habits in the future.

City of Fridley, Minnesota

BUDGET DETAIL AND FINANCIAL REPORTS

The following section constitutes Volume No. 2, which contains the budget detail and financial reports. It includes detailed review of all budgeted revenues and expenditures by Fund, Department and Division using financial reports from the Enterprise Resource Planning System of the City. The volume represents the adopted budget for the purposes of budget authority and compliance.

The remainder of this page intentionally left blank.

GLOSSARY

Accounting System. The total structure of records and procedures which record, classify, summarize, and report information on the financial position and results of operations of a government or any of its funds, fund types, balanced account groups, or organizational components.

Accounts Payable. A liability account reflecting amounts on an open account owing to private persons or organizations for goods and services received by a government.

Accounts Receivable. An asset account reflecting amounts owing on an open account from private persons or organizations for goods and services furnished by a government.

Accrual Basis of Accounting. Method of accounting that recognizes the financial effect of transactions, events, and interfund activity when they occur, regardless of the timing of the related cash flows.

Adopted Budget. Refers to the budget amounts as originally approved by the city council at the beginning of the year and also to budget document which consolidates all beginning-of - the-year operating appropriations and new capital project appropriations.

Appropriation. An authorization made by the legislative body of a government, which permits officials to incur obligations against and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are typically granted for a one-year period.

Assessed Valuation. Valuation that a government sets on real estate or other property as a basis for levying taxes. Tax-exempt property is excluded from the assessable base.

Assets. Property and equipment owned by a government which has monetary value.

Balanced Budget. A budget in which the sources of funds (revenues) is equal to the uses (expenditures).

Basis of Accounting. The technical term that describes the criteria governing the timing of the recognition of transactions and events.

Bonds. A written promise to pay a specified sum of money called principal at specified dates, including interest at a designated time. Bonds are typically used for long-term debt.

Budget. A financial operations plan of Final or adopted expenditures for a given period and the Final or adopted revenues to finance them.

Capital Investment Program (CIP). A plan for capital expenditures to be incurred each year for a fixed period of years and the estimated resources to finance the projected expenditures.

Capital Outlay or Expenditure. Expenditures which result in the acquisition of or addition to fixed assets which have a value of \$5,000 or more and have useful life of more than one year.

Capital Project. The largely one-time cost for acquisition construction, improvement, replacement, or renovation of land, structures and improvements thereon.

Capital Project Fund. Fund type used to account for financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets.

Current Assets. Those assets which are available or can be made readily available to finance current operations or to pay current liabilities.

Current Liabilities. Liabilities which are payable within one year.

Debt. An obligation resulting from the borrowing of money or the purchase of goods or services.

Debt Service Fund. Governmental fund type used to account for accumulations of resources that are restricted, committed, or assigned to expenditure for principal and interest.

Deficit. An excess of expenditures over revenues, a loss in business operations.

Depreciation. In accounting for depreciation, the cost of a fixed asset, less any salvage value is prorated over the estimated service life of such an asset, and each period is charged with a portion of such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense.

Division. A major organization unit within a department. Usually, divisions are responsible for carrying out a major component of the department.

Encumbrance. Commitments related to unperformed (executor) contracts for goods or services.

Enterprise Fund. Proprietary fund type used to report an activity for which a fee is charged to external users for goods or services.

Expenditure/Expense. Where accounts are kept on the modified accrual or accrual basis of accounting, the cost of goods received, or services rendered.

Fee. A general term used for any fixed charge levied by government associated with providing a service permitting an activity or imposing a fine or penalty. Major types of fees include business and non-business licenses, fines, and user charges.

Fiscal Disparities. A revenue sharing program comprised of local government units within the Twin Cities Metropolitan area. Under this program a portion of growth in commercial, industrial, and public utility property value of each community is contributed to a tax base sharing pool. Each community receives a distribution of property value from the pool based on market value and population of each city.

Fiscal Year. The twelve–month period to which the annual budget applies and at the end of which the City determines its financial position. The City's fiscal year is January 1st to December 31st.

Fixed Asset. Long-term tangible assets which are "fixed" in nature, such as building, land, and equipment.

Fund. An accounting entity with a self-balancing set of accounts in which assets, liabilities, and equity are recorded for a specific activity or objective.

Fund Balance. Net position of a governmental fund (difference between assets, liabilities, deferred outflow of resources, and deferred inflows of resources).

Governmental Accounting Standards Board (GASB). The authoritative accounting and financial reporting standard-setting body for state and local governments.

General Fund. One of the five governmental fund types. The general fund typically serves as the chief operating fund of a government. The general fund is used to account for all financial resources not accounted for in some other fund.

General Obligation (GO) Bonds. Bonds that are backed by the full faith and credit of the City.

Goal. A statement of direction, purpose, or intent that describes the future state of condition or result to achieve.

Governmental Funds. Funds generally used to account for tax-supported activities. There are five different types of governmental funds: the general fund, special revenue funds, debt service funds, capital project funds, and permanent funds.

Grant. A contribution of assets (usually cash) by one governmental unit or other organization to another. Typically, these contributions are made to local governments from the state and federal governments.

Housing and Redevelopment Authority (HRA) of the City of Fridley. The HRA was formed by the City to provide housing and redevelopment assistance to Richfield citizens and businesses.

Infrastructure. Long-lived capital assets that normally are stationary in nature and normally can be preserved for a significant greater number of years than most capital assets.

Intergovernmental Aid. Revenues from other governments in the form of grants, entitlements or shared revenues.

Internal Service Fund. Proprietary fund type that may be used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis.

Investment. Securities permitted by law are purchased and held for the production of income in the form of interest.

Liquidity. The amount of time that is expected to elapse until an asset is realized or otherwise converted into cash or until a liability must be paid.

Local Government Aid (LGA). An aid program consisting of sales and income revenues collected by the State of Minnesota and redistributed to local governments to reduce local property tax burdens.

Market Value. The value determined by the County Assessor for real estate or property used for levying taxes.

Modified Accrual Basis. The basis of accounting which recognizes increases and decreases in financial resources only to the extent that they reflect near-term inflows or outflows of cash. Revenues are recognized to the degree that they are available to finance expenditures of the fiscal period. Similarly, debt service payments and a number of specific accrued liabilities are only recognized as expenditures when payment is due because it is only at that time that they normally are liquidated with expendable available financial resources.

Municipal State Aid (MSA). An aid program consisting of gas tax revenues collected by the State of Minnesota redistributed to local governments for road improvements.

Objective. An achievement that can be attained only if the attempts are made in a particular direction.

Program. A group of activities, operations, or operational units directed to attain a specific purpose or objective.

Project. A temporary endeavor with a beginning and an end and it must be used to create a unique product, service or result.

Final Budget. The recommended city budget submitted by the city manager to the city council.

Proprietary Fund. Funds that focus on the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. There are two types of proprietary funds: enterprise funds and internal service funds.

Reserves. Funds set aside for unanticipated expenditures or unforeseen emergencies, as well as to have adequate working capital for current operating needs to avoid short-term borrowing.

Revenue. Funds collected as income to offset operational expenses including property taxes, charges for service, licenses and permits, etc.

Special Assessment. A levy made against a property to defray all, or part of the cost of a capital improvement or service deemed to benefit that property.

Special Revenue Fund. A fund established used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

Tax Capacity Value. The taxable portion of the market value which is based on classification rates determined by the type of property tax.

Tax Capacity Rate. The old "mill rate" derived in same manner mill rates were determined. Tax capacity rate is equal to levy divided by tax capacity (old, assessed value). New tax capacity rates will be expressed as percentages.

Tax Increment Financing. Financing secured by the anticipated incremental increase in tax revenues, resulting from the redevelopment of an area.

Tax Levy. The amount of property taxes levied to finance operations that are not funded by other services.

Taxes. Compulsory charges levied by a government to finance services performed for the common benefit.

Working Capital. The difference between current assets and current liabilities.
